1981 TOWN REPORT

Londonderry
New Hampshire

DONALD BABIN

A tribute is made to retiring Chairman of the Board of Selectmen, Donald Babin. He has completed six years as Selectman including more than two years as liaison Selectman with the Planning Board and has served on the Southern New Hampshire Regional Planning Commission, Master Plan Committee, Growth Control Committee, Mosquito Control Committee, School Renovation Committee, Zoning Board of Adjustment for four years and Budget Committee for five years.

Don exemplifies the best attributes of true citizenship as he has by his deeds shown that he is willing to make sacrifices and actively participate in government by giving unselfishly of his time, talent and energy in making Londonderry a better place for all.

We wish Don, his wife Paula and their three daughters, Jenniffer, Amy and Rebecca our best wishes and thanks for his outstanding service to the Town.

TOWN WARRANT
THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Londonderry in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Matthew Thornton School in said Londonderry on Tuesday, the ninth day of March, next at seven of the clock in the forenoon, to act upon the following subjects:

ARTICLE 1.

To choose all necessary Town Officers for the ensuing year.

ARTICLE 2.

To raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriations of the same.

ARTICLE 3.

To see if the Town will authorize the Selectmen to borrow money in anticipation of taxes.

ARTICLE 4.

To see if the Town will vote to authorize the Selectmen to sell at public auction and convey any real estate acquired through deeds from the Collector of Taxes or as reimbursement for assistance furnished to citizens, providing that in the case of tax deeded real estate the previous owner, or his or her heirs, if known, or its successors or assigns in the case of a corporation, shall have first opportunity to purchase the same, and pass any vote relating thereto.

ARTICLE 5.

To see if the Town will authorize the Selectmen to make application for and to accept and to spend on behalf of the Town any and all grants or other funds which may now or hereafter be forthcoming from the United States Government and/or the State of New Hampshire.

ARTICLE 6.

To see if the Town will vote to rescind the following articles:

Article 15-1979 Warrant Sewer Treatment Facility (EPA) \$1,100,000.00

Article 16-1979 Warrant Sewer-Sanborn & Hall Road \$300,000.00

Article 17-1977 Warrant Construction of Sewerage and Sewage Treatment Facilities \$950,000.00 as these Articles have been up-dated by Article 8-1980 Warrant Sewer Treatment Facility \$1,200,000.00 and Article 9-1980 Warrant Sewer Lines, Sanborn, Hall, Page \$500,000.00.

ARTICLE 7.

To see if the Town will vote to accept and appropriate State Aid for the construction of Class V roads and to raise and appropriate the sum of \$2,710.24 and the State will contribute the sum of \$18,068.27.

ARTICLE 8.

To see if the Town will raise and appropriate the sum of \$12,081.73 for the final payment of the reconstruction of the bridge on South Road over Todd Brook.

ARTICLE 9.

To see if the Town will vote to raise and appropriate the sum of \$200,000 for the reconstruction of Harvey Road from the southern part of Lot 44-4 (Brodie) to the northern part of Lot 8 (Railroad Tracks). Such sum is to be raised by the issuance of Serial Bonds or notes not to exceed \$200,000, under and in compliance with the provisions of the Municipal Finance Act, and to authorize the Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon and to take such other actions as may be necessary to effect the issuance, negotiation, sale and delivery of such bonds and notes as shall be in the best interest of the Town of Londonderry and to authorize the Selectmen to accept any funds from the State of New Hampshire and the Federal Government as may become available for said project.

ARTICLE 10.

To see if the Town will authorize the establishment of a capital reserve fund for the purpose of financing the cost of a reappraisal by an appraisal firm approved by the Department of Revenue Administration of the real estate in the Town of Londonderry and to raise and appropriate the sum of \$200,000.00 for this purpose, and to authorize the Selectmen to act as agents of the Reserve Fund.

ARTICLE 11.

To see if the Town will vote to raise and appropriate the sum of \$200,000.00 for aerial spraying in a gypsy moth suppression program. Such sum is to be raised by the issuance of Serial Bonds or notes for a period of five years not to exceed \$200,000.00 under and in compliance with the provisions of the Municipal Finance Act, and to authorize the Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon, and to take such other actions as may be necessary to effect the issuance, negotiation, sale and delivery of such bonds or notes as shall be in the best interests of the Town of Londonderry.

ARTICLE 12.

To see if the Town will vote to raise and appropriate the sum of \$25,000 for the purpose of constructing an animal shelter on Town land.

ARTICLE 13.

To see if the Town will vote to raise and appropriate the sum of \$8,000 for the purpose of constructing a salt shed at the Highway Garage on High Range Road.

ARTICLE 14.

To see if the Town will vote to raise and appropriate the sum of \$5,000 to be used for a Suggestion Awards Program for employees. If approved, this program will be developed, implemented and administered by the Selectmen with the cooperation of department heads and employees. The program should return to the Town many dollars in benefits for every dollar invested by productivity improvements.

ARTICLE 15.

To see if the Town will vote to authorize the withdrawal from the Federal Revenue Sharing Funds and appropriate the sum of \$28,500.00 to purchase three police cruisers and equipment.

ARTICLE 16.

To see if the Town will vote to authorize the withdrawal from the Federal Revenue Sharing Funds and appropriate the sum of \$90,000.00 to purchase a fire truck and equipment that meets the Underwriters approval.

ARTICLE 17.

Be it ordained by the Selectmen of the Town of Londonderry as follows:

Amending Article II, Section 2 of the Ordinance regulating traffic upon public streets of the Town of Londonderry by adding the following sections:

2 a. Whenever construction or other activity shall take place within a public way to the extent that traffic, pedestrian or motor vehicle, shall be restricted or interfered with, a police officer shall be required to assist in the control of said traffic as directed by the Chief of Police. The expense of the Police Officer shall be borne by the company or individual responsible for the activity. The Chief of Police shall have the discretionary authority to waive this requirement or to require more than one Police Officer if he determines it to be in the best interest of the Town of Londonderry.

2 b. Any person firm or company causing or responsible for the restriction of the free flow of traffic and having foreknowledge of the possibility of such restriction shall submit a request to the Chief of Police no less than forty-eight (48) hours prior to the start of such activity, for a Police Officer to assist with the traffic control, and shall receive from the Chief of Police written approval to commence with the project. Proceeding with any project which will restrict the free flow of traffic on a public way without the required permit will constitute a violation of this ordinance and subject the firm or individual responsible to the full penalties stated in this ordinance. The person responsible for this violation shall be, in the first instance, the foreman, boss or man in direct charge at the scene of the activity.

ARTICLE 18.

Be it ordained by the Board of Selectmen of the Town of Londonderry as follows:

Amending Article V of the Ordinance regulating traffic upon the public streets of the Town of Londonderry by adding the following section:

(14) In any parking place, whether on public or private property, specially designated for the physically handicapped by means of a sign stating that the space is reserved for the physically handicapped or displaying the wheelchair symbol as defined in RSA 275-C:9, I (a), unless that person has a special number plate, a number plate decal or a tag or card issued pursuant to RSA 260:17, 18 or 18-a, which is prominently displayed on the vehicle.

ARTICLE 19.

To see if the Town will raise and appropriate the sum of \$300.00 for the purpose of providing assistance to the Senior Citizens through the Retired Senior Volunteer Program.

Requested by petition of:

Viola Barbeau	Elizabeth Huntley	Jennie Innie	Ethel Tibbetts
Gloria Sweet	Grace Plaza	Henry Fredette	Alcide Boufford
Chester Eaton	Cora Smith	Robert A. Leslie	Henry J. Reinhold
Herve Barbeau	Millie Fitts	Raymond Huntley	Marie Reinhold
Austin Tibbitts	Rene Simard	Irene Simard	Edith E. Mele
Bessie B. Fraser	Charles Frazer	Alice M. Paquin	

ARTICLE 20.

To see if the Town will vote to appropriate the sum of \$15,000.00 to employ a Recreation Director for the Town of Londonderry. Starting salary would be approximately \$12,000.00 with an additional \$3,000.00 for operating costs. During 1982, the cost of the director would be \$7,500.00, based upon 1/2 year salary.

By request of the Londonderry Park and Recreation Commission

ARTICLE 21.

To see if the Town will vote to raise and appropriate the sum of \$7,500 to provide light fixtures for the Recreation Park multi-purpose field on land owned by the Town and set aside for recreation purposes.

By request of the Londonderry Park and Recreation Commission.

ARTICLE 22.

To see if the Town will vote to authorize the release and discharge from public servitude certain portions of the 40-foot wide right-of-way which existed until 1941 as Goffs Falls Road. Specific description of the above referenced portions is as follows: Beginning on the western end at the intersection of Grenier Field Road and Webster Lane, thence easterly through tax lots 17-4, 14-10 and 17-4-1 (all Smith), to the eastern extremity of tax lot 17-5 (Poitras), but excluding those sections where the present right-of-way known as Grenier Field Road is partially or totally superimposed upon the former Goffs Falls Road.

Requested by petition of:

Kendall P. Smith	John Daskey	Cora L. Smith	Mr. Joseph Plaza
Ernest Poitras	Lorraine Smith	Grace Plaza	Karl Cisewski
Helen Poitras	Richard Iannacone	Angelick Cisewski	Karen J. Smith
Malcolm D. Wing			

ARTICLE 23.

To see if the Town will authorize the Selectmen to accept the ownership of eight (8) privately-owned roads shown on Londonderry Tax Map 11, parcel 20 known as Sequoia Avenue, McKinley Avenue, Seminole Place, Wyandot Circle, Aspen Circle, Shawnee Place, Iroquois Drive and Shenandoah Avenue now owned by Brook Park Estates Association for the sum of one dollar each. Since the present dimensions of the roads are the same as the Town allowed at the time of development, this article should only consider acceptance of the roads in their present condition and dimensions.

Petition submitted by Brook Park Homeowners Association

Mark L. Cohen	Linda C. Adams	Carl D. Grotheer
Brian Adams	Marcelle Thompson	Sharman H. Cohen
Edwin Thompson	Edward D. Buczeko	Michelle D. Sossei
A.R. Williams	John E. Sossei	Susan A. Grotheer
Joseph J. Staszowski		

ARTICLE 24.

To see if the voters/tax payers of Londonderry, NH would authorize their elected officials (Town Selectmen) to take whatever action necessary to assure that a thorough land and property re-evaluation is implemented commencing immediately after the 1982 annual town meeting and to complete such re-evaluation no later than March 31, of 1983.

Requested by Petition from:

Janet L. Houston Murray	Jana Sue Welch	Jeffrey Marcantonio
M. Hiem	Gerald Welch	Douglas Murray
Robert Hines	Helga Sorrell	Sally Lyons
Roberta Hines	Corinne Marcantonio	Ralph Lyons
James George		

ARTICLE 25.

To see if the Town will vote to authorize the Selectmen to enter into a cable television franchise agreement, provided that no use of eminent domain is involved, that the franchise be non-exclusive, that the franchise include a construction schedule with performance bond, and written commitments to timely service, protection of consumer privacy and restoration of property, and that the franchise comply with all applicable laws and regulations.

Further, to authorize the Selectmen to proceed with the participation and advice of the Cable TV Advisory Committee in the process of seeking and evaluating bids, and negotiating terms; said process to be open and formal, requiring prior public hearings and full disclosure while prohibiting kickbacks, influence peddling and backdoor contacts, and insuring the recovery of all town costs from applicants and franchisee.

Submitted by the Londonderry Cable TV Committee.

ARTICLE 26.

To see if the Town will vote to raise and appropriate the sum of \$3,000 to engage a professional consultant to advise the members of the Londonderry Cable Television Committee and the Selectmen on the franchising process and to defray other costs relating to such processing.

ARTICLE 27.

To see if the Town will authorize the Selectmen to negotiate the sale of the Town's "reversionary interests" in the building occupied by Summit Packaging Inc. (Scovill) on property owned by the Greater Manchester Industrial Council (City of Manchester), to accept payment for such interest on behalf of the Town, and to employ an appraiser for a sum not to exceed \$2,000 to insure that the payment that the Town is receiving is based on the fair market value of the building.

ARTICLE 28.

Shall the Town of Londonderry approve the new charter recommended by the Charter Commission? (Voted by ballot) (RSA 49-B)

ARTICLE 29.

Are you in favor of increasing the Board of Selectmen to five (5) members? (Voted by ballot) (RSA 41:8-b)

ARTICLE 30.

To see if the Town will raise and appropriate the sum of \$900.00 for the purpose of providing bus service through the Newmarket Regional Health Center, Inc. for the elderly and handicapped citizens of Londonderry.

ARTICLE 31.

To Transact any other business that may legally come before this meeting.

Given under our hands and seal, this ninth day of February, in the year of our Lord, nineteen hundred and eighty one.

Donald Babin, Chairman
Frederick J. Picco
Robert H. Day
Board of Selectmen
Londonderry, N.H.

A true copy of Warrant: Attest:

Donald Babin, Chairman
Frederick J. Picco
Robert H. Day

We hereby certify that we gave notice to the inhabitants within named, to meet at the time and place and for the purpose within mentioned, by posting up an attested copy at the Matthew Thornton School, Londonderry High School, U.S. Post Office, Londonderry Town Hall, Strino's General Store, and Crossroads Market being public places in said Town, on the twenty third day of February. 1982.

Donald Babin, Chairman
Frederick J. Picco
Robert H. Day
Board of Selectmen
Londonderry, N.H.

ARTICLE 101.

To see if the Town will vote to amend Section III, Residential District, Section IV, Civic District, Section V, Agricultural District, & Section VI, Industrial District, as submitted by the Planning Board:

Delete existing Section III, IV, V, & VI and replace with the following:

SECTION III — RESIDENTIAL DISTRICT

A. The purpose of this district is to establish low-density Residential area located to form neighborhood areas within the Town.

B. **General Regulations** — Within the Residential District and all sub-districts, the following regulations and controls are required for development.

1. **Minimum Lot Size** — No residential lot shall be less than one acre per single family dwelling, 60,000 square feet per two-family dwelling with 200 feet frontage.

2. **Frontage** — Every building lot shall have a minimum lot frontage of 150 feet.

3. **Front Yard** — There shall be between the edge of the nearest right of way and the extreme front of any building or structure a minimum depth of 40 feet. In the case of a lot fronting on two (2) rights of way, the 40 foot setbacks shall apply also to the side of the building or structure abutting the right of way or proposed right of way.

4. **Side Yard** — No building shall be located nearer than 15 feet from the side property lines.

5. **Back Yard** — There shall be between the extreme back of any building and the rear property line a minimum depth of 15 feet.

6. **Flood Plains** — Every residential lot shall contain at least 22,000 square feet of contiguous land above the 100 year base flood elevation as determined by the Flood Insurance Rate Maps and Flood Boundary and Floodway Maps of the Town of Londonderry as prepared by the U.S. Department of Housing and Urban Development, Federal Insurance Administration.

7. **Easements** — Every residential lot shall contain at least 43,560 square feet of contiguous land, exclusive of any easements other than flood plain or slopes.

8. **Home Occupation by Special Exception** — A Home Occupation shall be permitted by special exception only (property owner must apply to the Board of Adjustment for a special exception). A Home Occupation shall be carried on by the occupant only within a dwelling and/or garage and shall be incidental and secondary to the use of the property as dwelling for dwelling purposes and shall not change the residential character thereof. No exterior renovations or construction, nor the outside storage of materials will be permitted and the Home Occupation shall not occupy more than twenty-five percent (25%) of the normal living area of the home.

In order to qualify as a Home Occupation, only members of the occupant's immediate family residing on the property may be employed. Upon request, the Board of Adjustment is authorized to permit the employment of one additional employee. In considering a special exception for a Home Occupation, the Board of Adjustment shall consider, in addition to the requirements set forth above, whether the proposed Home Occupation will adversely affect the property involved, or neighboring properties, by reason of any unusual sight, light, noise, smell, traffic or other effects of the Home Occupation. The Board shall consider the adequacy of off street parking for anticipated customers, although no parking areas in excess of those necessary for normal residential purposes will be allowed. The Board of Adjustment shall impose such conditions and restrictions as it deems desirable or necessary to protect the residential character of the neighborhood.

In all cases where a special exception for a Home Occupation is granted, the person receiving the special exception shall complete and sign a form with the Building Inspector that sets forth the nature of the Home Occupation and provides details of the business and its scope of operations. The applicant shall comply with the conditions set forth in the granting of special exceptions and the failure to comply will result in the revocation of the special exception.

9. Non-sewered lots. Every residential lot not served by Town sewer shall be subject to the following:

a. **Receiving soil.** Every lot shall contain at least 22,000 square feet of contiguous natural in place soil having the following characteristics:

1. The depth of ledge or impermeable stratum (soils in which the percolation rate is greater than 30 minutes per inch) shall be two (2) feet or greater.
2. The depth to seasonal high water shall be one (1) foot or greater.
3. The slope of land shall be 25 percent or less.
4. The soil must be a class included in Groups 1 through 4 inclusive as defined by the New Hampshire Water Supply and Pollution Control Commission (NHWSPPC) soils grouping for estimating lot size. The above items shall be based on current SCS-USDA soil classifications or SCS USDA and NHWSPPC reclassifications. The receiving soil shall not include filled lands except borrow or gravel pits renovated to meet the above specifications.

b. **Receiving Layer.** Every Receiving Soil shall contain an area of at least 4,000 square feet having the following characteristics:

1. The depth to ledge or impermeable stratum shall be three (3) feet or greater.
2. Land which is wet more than six (6) months of the year, group 5 and or 6 soils, and existing and proposed wells, shall be a minimum of seventy-five (75) feet distant.

The above items shall be based on current SCS-USDA soil classifications or SCS-USDA and NHWSPCC reclassifications in conjunction with on-site testing.

c. **Minimum Lot Sizes.** Minimum areas for lots subject to the provisions of this article shall be determined by the following chart:

Slope Classification	Slope	Lot Size (sq. ft.) Soil Group			
		1	2	3	4
AB	0-8	43,560	43,560	48,000	43,560
C	8-15	43,560	43,560	53,000	48,000
D	15-25	43,560	46,800	62,000	52,000
E	25-35	43,560	50,700	72,000	57,000

The above soil groups correspond to NHWSPCC soil groupings for estimating lot size/NHWSPCC soil groups 5 and 6 cannot be included in minimum lot area. Lot sizes shall be calculated using the predominant soil group. When the area of the predominant soil does not equal or exceed 30,000 sq. ft. calculations for lot size shall be based on the most limiting numbered soil group. With complex soil types, area shall be calculated using the most limiting numbered soil group.

10. **Livestock** — Agricultural livestock exclusive of Section XX, poultry, horses and dog kennels will not be permitted except on lots containing two (2) acres or more. All buildings, runs or pens, excluding pastures containing such animals shall be a minimum of 25 feet from any property lines. And at no time shall a public nuisance be created as to sight, sound, smell or any other action which would interfere with nearby property owner’s rights. Exempted from this provision are domestic pets as defined in this ordinance.

11. **Location of Churches** —

- a. Churches in residential districts must be on lots of two acres minimum and must have traffic access onto arterial or collector streets.
- b. A buffer zone (with minimum width of 15 feet) must be provided between the church, associated buildings and parking lot and adjacent residential lots. Landscaping of the buffer zone shall be approved by the Planning Board.
- c. Prior to construction or occupation, a sewage disposal plan shall be approved and signed by the New Hampshire Water Supply and Pollution Control Commission.

12. **Parking** — A minimum of two (2) parking spaces per dwelling unit shall be provided on each lot in the Residential District. For other uses Section VII C4 will apply.

13. **Height Regulations** — Except for agricultural purposes all structures shall not exceed a height of 35 feet above the average ground level.

C. SUBDISTRICTS

The Residential District is separated into two (2) subdistricts, Agricultural-Residential (AR-I) and Residential-II(R-II). These subdistricts, in addition to the general standards of the Residential District, are further defined and controlled as follows:

1. Agricultural-Residential - AR-I

a. Permitted uses:

1. Single family and two-family dwellings
2. Agriculture
3. Religious facilities
4. Public schools
5. Municipal buildings
6. Public utilities
7. Civic recreational facilities
8. Planned Residential Development

b. Special exceptions

1. Home Occupations

2. Residential-II - R-II

a. Permitted uses

1. Single family and two-family dwellings
2. Manufactured housing
3. Agriculture
4. Religious facilities
5. Public schools
6. Municipal buildings
7. Public utilities
8. Civic recreational facilities

b. Special exceptions

1. Home occupations

D. PLANNED RESIDENTIAL DEVELOPMENT

1. Purpose

The purpose of a Planned Residential Development (PRD) is to encourage the preservation of open space, encourage flexibility in residential development design, promote more efficient use of land areas, and preserve the rural environment and open spaces of this community.

2. **Regulations Governing Planned Residential Development**

- a. The tract of land in a single or consolidated ownership at the time of application shall be at least 20 acres in size and the plan of which shall be subject to approval by the Planning Board under the Londonderry Subdivision Regulations.
- b. A site plan for the entire tract shall be presented to the Board.
- c. **Residential Density.** PRD's shall have an overall density no greater than that permitted in the districts in which they are located.
- d. Residential uses in a PRD shall be limited to single family detached dwellings excluding manufactured housing on individual lots.
- e. **Open space.** A minimum of twenty-five (25) percent of the PRD site area shall remain as open space. Parking areas and vehicle access facilities shall not be considered in calculating open space.
- f. The water supply and waste treatment system for a PRD shall be designed in accordance with the standards and requirements of the New Hampshire Water Supply and Pollution Control Commission and the Town of Londonderry.

3. **Specific Design Requirements**

- a. The site and orientation for each proposed structure shall be accurately delineated on the plat before receiving Planning Board approval.
- b. Heights of structures shall not exceed those permitted for the district in which the PRD is located.
- c. No dwelling or structure within a PRD shall be placed closer than one hundred (100) feet to the PRD boundary.
- d. **Maximum and minimum requirements.**

The total acreage, measured in square feet, exclusive of the surface of existing water bodies, 15% slopes and greater, class 5 & 6 soils, street rights-of-ways, utilities, and wetlands shall be divided by the minimum lot size per dwelling unit required in the district. The resulting number of dwelling units may be located grouped or dispersed over the area of the PRD in any fashion within the minimum and maximum criteria specified in items below.

1. **Minimum External Boundaries of PRD's**

Frontage — 100 feet which may consist of two separate 50 foot rights of way into an existing public street or streets.

Front yard — Between the edge of the nearest existing right of way and any building or structure in the PRD a minimum depth of 100 feet shall be maintained.

Side and Rear yards — No building or structure in the PRD shall be located closer than 200 feet to the side or rear property lines of the PRD.

2. Minimum internal specifications for buildings in a PRD

Frontage — Every building lot shall have a minimum lot frontage of 35 feet.

Front yard — There shall be between the edge of the nearest right-of-way and the front of any building or structure a minimum depth of 30 feet.

Side and Rear yards — No principal structure or it's accessory structures shall be located closer than 30 feet to another principal structure or it's accessory structures. The minimum internal specifications may be increased or decreased by the members of the Planning Board when in their judgement such modification would best serve the interests of Londonderry.

3. Off-Street Parking — Two (2) per dwelling unit.

4. In a PRD, open space, outdoor recreational areas, and recreational facilities are to be held as common use land under the following requirements:

a. The area of any PRD not used for individual lots, construction of buildings, roads, and other areas for vehicular traffic shall be permanently maintained as common land for the purposes of recreation, conservation, park or public easement, or agriculture.

b. The common use land or any portion of it shall be held, managed and maintained by the developer until ownership is transferred in common to all owners of the tract, through an instrument such as a homeowner's association. The purpose of such an association shall be the control and maintenance of common open space.

The proposed use of common use land from the time of subdivision approval until the transfer of ownership shall be in a manner approved by the Planning Board and agreed to in writing by the developer.

c. Any proposed improvement, facilities, and common use land transfers shall be completed in phase with the constructions of dwelling units, on a schedule approved by the Planning Board.

d. All agreements, deed restrictions, organizational provisions for a Homeowners' Association and any other method of management of the common land shall be approved by the Planning Board of Londonderry.

e. Each dwelling unit shall have reasonable access to the common open land but need not front directly on such land.

Section IV

INDUSTRIAL DISTRICT

A. The Industrial District shall consist of land areas of the Town as recorded in the office of the Town Clerk, using tax map and lot numbers as shown on the Tax Maps dated 1968, updated April 1981, and similarly shown on the Town of Londonderry's Zoning Map dated March 9, 1982.

1. R.S.A. 36-19-a, Adopted March 6, 1973: Further Power of Planning Boards-to review and approve or disapprove site plans for the development of tracts for non-residential uses whether or not such development includes a subdivision or re-subdivision of the site.

B. **General Standards:** Within the Industrial District and all subdistricts, the following regulations and controls are required for the development and continued use of the area.

1. **Setbacks**

No building shall be located on a lot nearer to the front, side or rear lot line than the minimum setback set forth below.

a. **Front yard setback.** Thirty (30) feet, except that unsupported roofs and sun screens may project six (6) feet into the setback area.

b. **Side Yard setback.** Twenty (20) feet except that unsupported roofs and sun screens may project four (4) feet into the setback area.

c. **Rear Yard setback.** Twenty feet.

d. In the case of a corner lot the street side setbacks shall be thirty (30) feet, except that unsupported roofs or sun screens may project six (6) feet into the setback area.

2. **Minimum Lot Size**

Minimum lot size in all Industrial Districts are subject to Planning Board approval based on sewerage disposal requirements, soil types, topography, vehicular access, intended use and compatibility with adjacent areas but shall be not less than one acre (43,560 sq. ft.) with at least one hundred fifty (150) feet of frontage.

3. **Building Height**

Except for structures not intended for human occupancy (chimney, water tower, etc.) height of buildings shall not exceed 50 feet.

4. **Storage Areas**

All outdoor storage shall be visually screened from access streets, arterials and adjacent property. Outdoor storage shall be meant to include parking of all company owned and operated motor vehicles, with the exception of passenger vehicles. No storage shall be permitted between a frontage street and the building line.

5. Bulk storage of gasoline, chemicals, petroleum products, and flammable materials shall not be permitted except as accessory to a principal use, accessory to a service station, laboratory, production operation, airport service or the servicing of company-owned or leased vehicles.

6. The Planning Board may allow certain signs, electrical power, communication systems or related facilities within the required setback areas which do not abut public rights of way.

7. A public right of way as used in this ordinance applies to vehicular travelways and includes private rights of way intended for public access to two or more enterprises, buildings or lots, unless otherwise specifically approved by the Planning Board.

8. Vehicle Access.

a. Vehicle access to all lots shall be from public right of way by one or more curb cuts/driveways.

b. The location and design of curb cuts/driveways shall minimize traffic hazards and not unduly retard traffic flow in public right of way.

c. No portion of any driveway shall be closer than fifty (50) feet to the street lot line of an intersection street.

d. The closest points of any two (2) driveways servicing a single lot shall exceed fifty (50) feet at their intersection with the street lot line.

e. The width of any driveway, except for radii per Para. F, shall not exceed twenty-four (24) feet. The Planning Board may specifically approve an exception not to exceed thirty-six (36) feet.

f. Curb cuts and associated driveways shall be designed with twenty-five (25) foot radius at right of way intersections.

9. Parking Standards.

a. Where a principal or accessory use of a lot is not enclosed in a building, the Planning Board shall determine the parking area required to service such use.

b. Every lot shall have an off street parking area. Parking on public rights of way or parking where it will obstruct property or public rights of way access is not permitted.

c. All off-street parking shall have direct access at all times by on-site travelways to a public right of way.

d. Quantity of parking space shall comply with the minimum listed with sub-district allowed uses.

e. For joint uses, total parking requirements shall be the sum of the various uses committed separately and parking space for one use shall not be considered as providing required parking for any other use.

- f. Loading and unloading areas shall not be considered as parking spaces nor shall parking areas be used for storage or other activities.
- g. All parking areas within ten (10) feet of any structure shall have a curb or substantial bumper not less than four (4) feet from the structure.
- h. Building enlargement or change of use shall require reappraisal of parking requirements and change where necessary to comply with this ordinance.
- i. All parking spaces shall comply with the design standards of Table 1 and its associated parking layout unless otherwise approved by the Planning Board.
- j. All parking spaces shall be so marked by use of painted lines or other permanent striping materials.
- k. Snow removed from parking spaces and traffic lanes shall not be deposited in a manner or in locations that will result in its being a traffic hazard.
- l. All parking areas shall be surfaced with a durable, dustless, material and graded and drained to dispose of all surface water accumulation.

TABLE I
Minimum Dimensional Requirements for Parking Areas
(Based on 9' x 20' Parking Stall except for 0 degrees)

Angle of Parking Spaces (Degrees)	"A" (Feet)	"B" (Feet)	One-Way Traffic "C" (Feet)	Two-Way Traffic "C" (Feet)	"D" (Feet)	One-Way Traffic "E" (Feet)	Two-Way Traffic "F"
0	22.5	8.0	12	20		28.0	36.0
30	18.0	17.8	12	20	27.8	47.6	55.6
45	12.7	20.5	12	20	34.6	53.0	61.0
60	10.4	21.8	12.5	20	39.1	56.1	63.6
90	9.0	20.0	22	22	40.0	62.0	62.0

10. Loading Space Standards.

- a. No on-street loading or unloading shall be permitted.
- b. Off-street loading spaces shall be provided on the same lot as the principal use they are intended to serve. In no case shall an off-street loading space be counted as part of an area to satisfy the off street parking requirements.
- c. Loading bays shall be at least fourteen (14) feet wide, forty-eight (48) feet long and may be located either within a building or in the open.
- d. No loading bay area abutting a residential district shall be located within fifty (50) feet of the residential boundary line. All bays shall be located at the side or rear of the building they are intended to serve.
- e. The area approved for loading or unloading shall not obstruct access to a property or right of way. All loading spaces shall have direct access to a public right of way.
- f. All loading bay areas shall be surfaced with a durable, dustless material and graded to dispose of all surface water accumulation.

11. Landscaping.

- a. Excepting curb cuts/driveways, a "green" area shall enclose the entire lot perimeter as follows: Minimum width of "green" areas shall be fifteen (15) feet except that where the area abuts a public right-of-way such area shall be not less than twenty (20) feet.
- b. When a proposed building, parking lot or driveway is less than one hundred (100) feet from a residential or agricultural area, a buffer zone in accordance with the following is required:
 1. The buffer zone shall be a minimum of fifty (50) feet wide.
 2. The buffer zone shall be planted and permanently maintained to diminish the deleterious effect of the industrial activity.

12. Signs

- a. All signs, their quantity and location shall comply with the Town of Londonderry Sign Ordinance current at the time a site plan is approved.

13. Lighting.

- a. The location of all exterior lighting fixtures and standards for illumination shall be subject to Planning Board approval.
- b. Spotlights or similar illuminating devices shall be shielded and/or directed to avoid visibility of the light source and any associated beam from public right of way or adjacent property.
- c. All onsite electrical power and communication system lines shall be installed underground.

14. **Performance Standards.**

It is the intent of these regulations to prevent land or buildings, including those permitted by right or special exceptions, from being used or occupied in any manner so as to create any dangerous, injurious, noxious or otherwise objectionable fire, explosive, radioactive or other hazardous condition; noise or vibration; smoke, dust, odor or other form of air pollution; electrical or other disturbance; glare or heat; liquid or solid refuse or wastes; conditions conducive to the breeding of rodents or insects; or other substances or conditions in a manner or amount as to adversely affect the surrounding area.

1. **Vibration**

No vibration shall be produced which is transmitted through the ground and is discernible without the aid of instruments at or at any point beyond the lot line.

2. **Noise**

All noise, except that generated by normal automobile, truck or railroad service shall be muffled so as not to be objectionable due to intermittance, beat frequency or shrillness. At property lines noise may not exceed a maximum level of 60-75 decibels.

3. **Air Pollution**

a. **Visible emissions.** There shall not be discharged into the atmosphere from any source any air pollutant in excess of the darkness limitation listed below. Visible emissions of air pollutants of any kind at ground level past the lot line of the property on which the source of the emissions is located are prohibited.

b. **Smoke and Air Contaminants:**

1. Smoke shall be regulated by the Ringlemann Chart method and limited to a minimum No. 2 Ringlemann for periods totaling four (4) minutes in any thirty (30) minute period and No.3 Ringlemann for periods totaling three (3) minutes in any fifteen (15) minutes when starting a new fire.

2. At property lines, dust, dirt and fly ash shall not exceed 0.3 grains per cubic foot of flue gas at a stack temperature of 500°F. and shall not exceed fifty (50) percent excess air and in no manner be unclean, destructive, unhealthful, hazardous nor shall visibility be impaired by the emission of a haze which unduly impedes vision within apparent opaqueness equivalent to No. 2 of the Ringlemann Chart.

3. There shall be no emission of an air contaminant from a manufacturing process or its equipment if the emitted contaminant as measured in the flue contains sulfur dioxide or more than 2000 parts per million.

4. The construction, reconstruction, installation or substantial alteration of incinerators is prohibited unless detailed plans and specifications have been submitted to, and approved by, the State of New Hampshire Air Pollution Control Agency.

c. Material handling.

No person shall cause or permit any materials to be handled, transported, or stored in a manner which allows or may allow particulate matter to become airborne outside of the building.

4. Odors.

Any condition or operation which results in the creation of odors of such intensity and character as to be detrimental to the health and welfare of the public or which interferes unreasonably with the comfort of the public shall be removed, stopped or so modified as to remove the odor.

5. Glare and Heat.

No direct or sky-reflected glare from high temperature processes such as combustion or welding or otherwise, so as to be visible at the lot line shall be permitted.

6. Harmful interference

As defined in the Federal Communications Commission's rules as amended, harmful interference is prohibited and, if caused shall be immediately eliminated.

7. Sewage and Waste Disposal.

a. No sewage, harmful to a municipal sewage system and treatment facility, shall be discharged into the system.

b. No waste material or refuse shall be dumped upon or permitted to remain upon any part of any property outside of the building constructed thereon.

c. An industry whose process or manufacture produces industrial sewage or waste, including but not limited to corrosive, inflammable and radioactive materials, shall provide for the treatment and effective disposal of such waste under conditions prescribed by the Planning Board.

d. Storage or processing of toxic, hazardous wastes, except as an accessory use subject to the regulations of the New Hampshire Bureau of Solid Waste Management, Hazardous Waste Section, is prohibited. Disposal of toxic, hazardous wastes within Londonderry is prohibited.

C. SUB-DISTRICTS:

The Industrial District is separated into two (2) sub-districts, IND-I and IND-II. These subdistricts in addition to the general standards of the Industrial District are further defined and controlled as follows:

1. **IND-I** — A district intended to provide for Industrial uses suitable for location in areas of close proximity to non-industrial development.

a. **Permitted uses**

1. Warehouses and storage of non-explosive materials in a building.
2. Wholesale business
3. Assembly, testing, repair and packing of components, devices and equipment systems.
4. Research or testing laboratory
5. Computer services
6. Office
7. Municipal use
8. Accessory uses including but not limited to retailing, cafeteria, personal services, restaurant or auditorium accessory with an incidental to a principal use.
9. Service commercial business including restaurant, gasoline station.

b. **Special exceptions**

1. Public utility facilities.

2. **IND-II** — A district which allows manufacturing, processing, treatment, research, warehousing, storage and distribution.

a. **Permitted uses**

1. Uses permitted in the IND-I district
2. Manufacturing, assembly and packaging
3. Processing of raw material
4. Trucking terminals
5. Automotive repair
6. Outdoor storage of goods or materials
7. Accessory uses

b. **Special exceptions**

1. Special exception uses in the IND-I district.

D. Off street parking spaces shall be provided in any subdistrict with the specifications below, whenever any new use is established or any existing use is enlarged.

USE	UNIT OF MEASUREMENT	SPACES REQUIRED PER UNIT OF MEASUREMENT
Warehouse or Similar Use	Gross Floor Area (GFA)	1 per 1200 square ft. of GFA
Manufacturing or Industrial Use	GFA	1 per 600 square ft.
Professional and Business Offices	GFA	5.5 per 1,000 sq. ft. of GFA
Restaurants	number of seats and number of employees	one-third (1/3) per seat & one-third (1/3) per employee
Gasoline Service Stations	pumps, service bays	1 per gasoline pump plus 2 per service bay, plus 6
Mixed uses	varied	sum of component uses computed separately

Other uses: Parking requirements shall be calculated for the closest similar use as determined by the Building Inspector.

Off Street Parking facilities shall be provided on the same lot as the principal use they are intended to serve whenever possible. Entrances to facilities not located on the principal use lot shall be no more than 400 feet from the principal lot.

Where the principal use is not enclosed in a building, the portion of the lot so used shall be considered as part of the gross floor area for computing parking requirements.

ARTICLE 102

To see if the Town will vote to amend Section XVII, Definitions, as submitted by the Planning Board:

Delete existing Section XVII and replace with the following:

SECTION XVII — DEFINITIONS

1. **Word Definitions.** The word person includes a firm, association, organization, partnership, trust, company or corporation as well as an individual.

The present tense includes the future tense, the singular number includes the plural, and the plural number includes the singular.

The words shall and will are mandatory; the word may is permissive. The words used or occupied included the words intended, designed, or arranged to be used or occupied.

The word lot includes the word parcel.

2. **Term Definitions.**

Accessory. Means incidental to another use or structure on the same lot.

Building. Any structure, either temporary or permanent, having a roof or other covering, and designed or used for the shelter or enclosure of any person, animal or property of any kind, including tents, awnings or vehicles situated on private property and used for purposes of a building.

Building Height. The vertical distance from the highest point on a structure to the average ground level of the grade where the walls or other structural elements intersect the ground.

Customary Home Occupation. An occupation for gain or support conducted primarily by members of a family residing on the premises.

District. A zoning district as specified in this Ordinance.

Domestic Pets. This term includes dogs, cats and other small animals commonly kept for non-commercial purposes for the exclusive enjoyment of the residents and numbering not more than three (3).

Dwelling, Single-Family. A detached or free-standing residence other than a mobile home, designed for and occupied by one family only.

Dwelling, Two-Family. A residential building designed for or occupied by two families living independently of each other in individual attached dwelling units.

Dwelling, Multi-Family. A residential building designed for or occupied by three or more families.

Dwelling Unit. Any room, or rooms connected together forming a habitable unit for one family with its own bathing and toilet facilities and its own living, eating and sleeping areas wholly within such rooms, or rooms connected together.

Frontage. The length of the lot bordering on any highway or right of way approved and maintained by the Town or State that provides access to and from the lot.

Commercial Junk Yard. A junk yard which is maintained primarily for the purpose of buying and selling parts and material.

Kennel. The use of a lot or structure for the containment of 4 or more dogs, that are more than 6 months old.

Livestock. This term shall include horses, cattle, sheep, swine, goats and other animals usually kept or raised on a farm. Exempted from this definition are domestic pets as defined in this ordinance.

Lot. The whole area of a single parcel of land with ascertainable boundaries in single or joint ownership, undivided by a street and established by deed (s) of record.

Lot Area. The land wholly within the boundary of a lot exclusive of any part under water or within a street right-of-way.

Lot Coverage. The area of a lot covered by the aggregate of the maximum horizontal cross section of all buildings on a lot exclusive of cornices, eaves, gutters, chimneys, unenclosed porches, bay windows, balconies, and terraces.

Lot Line. A line representing a boundary of a lot.

Lot of Record. A lot which is part of a subdivision of record in the office of the Rockingham County Registrar of Deeds, or a lot or parcel described by metes and bounds, the description of which has been so recorded in the Rockingham County Registrar of Deeds.

Manufactured Housing. For the purpose of this ordinance the definition of manufactured housing shall be that found in Chapter 31:118 of the NEW HAMPSHIRE REVISED STATUTES ANNOTATED as follows: As used in this subdivision, "manufactured housing" means any and all forms of modular, unitized or prefabricated housing, as well as mobile homes which are brought to and assembled on a building site, placed on a foundation and tied into all conventional and necessary utility systems and which are intended to be used as a permanent dwelling unit. "Manufactured housing" does not include housing or mobile homes which are fully constructed on the site."

Mobile Home. A structure designed or used for residential occupancy built upon or having a frame or chassis to which wheels may be attached by which it may be moved upon a highway,

whether or not such structure actually has at any time such wheels attached, or is jacked up or skirted.

Mobile Home Park. Any tract of land on which two or more mobile homes are parked and occupied for living purposes.

Motor Home. A portable, temporary dwelling to be used for travel, recreation and vacation, and constructed as an integral part of a self-propelled vehicle.

Non-Conforming Building. Any building which does not meet the requirement of this Ordinance in respect to minimum land area, frontage, and front, side and back yards.

Non-Conforming Use. Any use of land and/or buildings in violation of the provisions of this Ordinance.

Parking Space, Off-Street. For the purposes of these regulations, an off-street parking space shall consist of a space adequate for parking a motor vehicle with room for opening doors on both sides, together with properly related access to a public street or alley and maneuvering room.

Principal Use. The primary purpose for which a lot or structure is used.

Sign. Any permanent or temporary advertisement, direction or communication produced in whole or in part by the construction, erection, affixing or placing of the structure device, letter, banner, penant, streamer or placard on or over any land or on any structure, or produced by affixing or placing any printed, lettered, pictured, figured or other colored material on any building, structure or surface of which is designed to be seen from outside the building.

Special Exception. A use of a building or lot which may be permitted under this ordinance only upon application to the Board of Adjustment and subject to the conditions and approval of that Board, and only in cases where the words "Special Exception" in this Ordinance pertain.

Street. Public ways established by or maintained under public authority, private ways open for public use, and private ways plotted or laid out for the ultimate acceptance as a public street whether or not constructed.

Street Line. The right-of-way line of a street.

Structure. Anything constructed or erected with a fixed location on the ground, or attached to something having a fixed location on the ground. Includes, but is not limited to a building, swimming pool, mobile home, billboard, or poster panel. It shall not include a minor installation such as a fence less than three feet high, mailbox, or flagpole.

Travel Trailer. A vehicular portable structure built on a chassis, designed as a temporary dwelling for travel, recreation and vacation

having a body width not exceeding 8'6" and a body length not exceeding 32 feet. Any travel trailer exceeding 32 feet in length shall be considered a mobile home.

Variance. Such departure from the terms of this Ordinance as the Board of Adjustment, upon appeal in specific cases, is empowered to authorize only under terms of Section 905 and applicable statutes of the State of New Hampshire.

Yard. An open space on the same lot with a main building unoccupied and unobstructed by any structure or portion of structure provided that fences, walls, poles, posts and other customary yard accessories, ornaments, and furniture may be permitted in any yard subject to height limitations and requirements limiting obstruction of visibility.

Yard, Front or Setback. A space between a street line and a line parallel thereto extending between side lot lines drawn through the nearest point of a structure.

Yard, Side. A yard extending from the front yard, or front lot line where there is no front yard, to the rear yard.

ARTICLE 103.

To see if the Town will vote to amend Section XIX, Signs, and Section XX, General, as submitted by the Planning Board:

A. Delete Section XIX, 2K, and replace with the following:

2K. When it is deemed to be in the best interests of the Town of Londonderry and keeping with the spirit of this ordinance, the Planning Board may modify the requirements of this section during site plan review.

B. Add the following to Section XX General.

2. Collapsed or burned buildings and structures.

No owner or occupant of land in any district shall permit a collapsed or burned building to remain in such a condition, but within 6 months shall repair or rebuild such structure or remove the remains and clear the site to ground level. The Londonderry Building Inspector may grant an extension not to exceed 6 months when conditions warrant.

3. Unregistered Motor Vehicles and Boats.

No lot in an Agricultural/Residential (AR-I) district or a Residential-II, (R-II) district may be used for the outside storage of more than one unregistered motor vehicle. No lot in an Agricultural/Residential (AR-I) district or a Residential-II (R-II) district may be used for the outside storage of more than one boat other than rowboats, canoes or other boats less than twenty (20) feet in length.

4. Temporary Occupancy of a House Trailer or Mobile Home.

In Instances where a dwelling located in a Agricultural / Residential (AR-I) or Residential-II (R-II) district has been damaged by fire or other catastrophe, and is being rebuilt or repaired, it shall be permissible to occupy one house trailer or motor home on that lot for a period not exceeding ninety (90) days while the dwelling remains unoccupied and up to an additional ninety (90) days if the building inspector deems it advisable.

ARTICLE 104.

To see if the Town will vote to amend Section VII, Commercial District, as submitted by the Planning Board:

To add the following property to the C-I and C-II Districts for the Town of Londonderry:

C-I — Tax Map 2 Parcel 23

C-II — Tax Map 2 Parcels 22B, 25, 26, part of 27A, 27, 37-1, 37, 27A-1, 35-2, 35-1, 35, 34, 33.

ARTICLE 105.

To see if the Town will vote to amend Section IV, Industrial District, as submitted by the Planning Board:

To add the following property to the IND-I and IND-II Sub-districts:
Tax Map 2 Parcel 36 — That portion east of and including the Public Service right of way to IND-I;
That portion of Map 2 Parcel 36 lying west of the Public Service right of way to IND-II.

ARTICLE 106.

To see if the Town will vote to amend Section III, Residential District, as submitted by the Planning Board:

To add the following property to the R-II Subdistrict:
Tax Map 15, Parcel 80.

ARTICLE 107.

To see whether the Town will vote to adopt the following amendment to the Zoning Ordinance, submitted to the Planning Board by petition:

for property owned by Plaza Twenty-eight Inc. on Nashua Rd. (Route 102).

That Parcel 126 on Tax Map 7 be rezoned from Residential/Agricultural to Commercial (C-III).

ARTICLE 108.

To see whether the Town will vote to adopt the following amendment to the Zoning Ordinance, submitted to the Planning Board by petition:

for property owned by Roland D. Belanger and Rene R. Morency Trust on Crosby Lane, (off Route 102).

that Parcel 64-1 on Tax Map 6 be rezoned from Residential/Agricultural to C-1.

ARTICLE 109.

To see whether the Town will vote to adopt the following amendment to the Zoning Ordinance, submitted to the Planning Board by petition:

for property owned by Roland D. Belanger and Rene R. Morency Trust on Nashua Road (Route 102)

that Parcel 130 on Tax Map 3 be rezoned from Residential/Agricultural to C-1.

ARTICLE 110.

To see whether the Town will vote to adopt the following amendment to the Zoning Ordinance, submitted to the Planning Board by petition:

for property owned by John R. Evans on Auburn Road.

that Parcel 64 on Tax Map 16 be rezoned from Residential/Agricultural to Industrial.

ARTICLE 111.

To see whether the Town will vote to adopt the following amendment to the Zoning Ordinance, submitted to the Planning Board by petition:

for property owned by James & Jennie Innis on Harvey Road.

that Parcel 102 on Tax Map 11 be rezoned from Residential/Agricultural to Industrial.

Alice M. Taylor, Town Clerk
Londonderry, N.H.

**LONDONDERRY ANNUAL TOWN MEETING
MINUTES ON ARTICLES ACTED UPON**

March 13, 14, 1981

**LONDONDERRY HIGH SCHOOL
LONDONDERRY, NEW HAMPSHIRE**

ROBERT M. WEBBER, III, Moderator
WILLIAM FOLEY, Assistant Moderator
DONALD BABIN, Selectman
GERALD F. WELCH, Selectman
FREDERICK J. PICCO, Selectman
DENNIS R. BOGGIS, Administrative Assistant
MRS. ALICE M. TAYLOR, Town Clerk
HELEN L. RODDY, Stenotype Reporter

—PROCEEDINGS—

MODERATOR MR. WEBBER opened the meeting at 7:00 p.m. The MacPherson Band marched and played to introduce the meeting.

Londonderry High School Color Guard and members of band played the National Anthem, and led the salute to the flag.

Invocation was given by Reverend Beal.

Gifts were presented to outgoing Selectman Gerald F. Welch by Mr. Babin, Mr. Picco, and Chief Ball.

MODERATOR WEBBER: Article 1 we took up Tuesday. That was the actual voting.

Mr. Welch made a motion to go to Articles 8 and 9. Mr. Babin seconded the motion. Discussion.

Motion voted affirmatively.

MODERATOR WEBBER: **Article 9.** To see if the Town will vote to raise and appropriate the sum of One Hundred Twenty Thousand Five Hundred Dollars (\$120,500.00) for the design and land acquisition (Phase 1) for the Southeast Interceptor Sewer in Manchester, N. H., (Londonderry's Share 74.5567%), which are requirements contained in the Federal Water Pollution Control Act, as amended (33 U.S.C. 1251 et seq.). This action will qualify the Town for Federal Funds.

Of the total Phase 1 costs, the Town shall raise a sum not to exceed \$120,500 by the issuance of Serial Bonds or Notes under and in compliance with the provisions of the Municipal Finance Act (N.H.R.S.A. 33:1 et seq., as amended) and authorize the Selectmen to issue and negotiate such bonds or notes and determine the rate of interest thereon, and take such other actions as may be necessary to effect the issuance, negotiation, sale, and

delivery of such bonds or notes as shall be in the best interests of the Town of Londonderry, and allow the Selectmen to expend such monies as become available from the Federal Government under the Financial Assistance Program of the Construction Grants section of the Federal Water Pollution Control Act as amended (33 U.S.C. 1251 et seq.) and pass any vote relating thereto.

Motions made by Mr. Merrill to move the Article. Mr. Webster seconded the motion. Discussion followed.

The polls were opened for voting 7:42 p.m., for voting on Article 9.

MODERATOR WEBBER: Article 8. To see if the Town will vote to raise and appropriate the sum of Two Hundred and Ten Thousand Dollars (210,000) for the purchase of land, construction of and equipping of a Solid Waste Transfer Station, such sums to be raised by the issuance of Serial Bonds or Notes not to exceed \$210,000 under and in compliance with the provisions of the Municipal Finance Act, and to authorize the Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon, and to take such other actions as may be necessary to effect the issuance, negotiation, sale and delivery of such bonds or notes as shall be in the best interest of the Town of Londonderry, and to authorize the Selectmen to accept any funds from the State and Federal Government as may become available for said project.

Mr. Babin made a motion to move Article 8. Mr. Picco seconded the motion. Discussion followed.

Mr. Babin made a motion to table Article 8. He also made a motion to amend Article 13 from a five-year contract to a one-year contract that is presently in Article 13.

MR. WELCH: Seconded the motion. Discussion followed.

Voted affirmatively to table Article 8.

Mr. Welch made a motion to go to Article 15. Mr. Picco seconded the motion. Voted affirmatively.

MODERATOR WEBBER: Article 15. To see if the Town will vote to raise and appropriate the sum of One Hundred and One Thousand Five Hundred Dollars (101,500.00) for the replacement of the Gilcreast Road Bridge over Beaver Brook. Such sum is to be raised by the issuance of Serial Bonds or notes not to exceed \$101,500.00, under and in compliance with the provisions of the Municipal Finance Act, and to authorize the Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon, and to take such other action as may be necessary to effect the issuance, negotiation, sale and delivery of such bonds or notes as shall be in the best interest of the Town of Londonderry, and to authorize the Selectmen to accept any funds from the State of N.H. and or Federal Government as may become available for said project.

Mr. Welch made a motion to accept Article 15. Mr. Babin seconded the motion. Discussion followed.

Mr. Welch made a motion to table Article 15. Mr. Picco seconded the motion. Voted affirmatively to table Article 15.

Mr. Welch made a motion to go to Article 13. Mr. Babin seconded the motion. Voted affirmatively to go to Article 13.

MODERATOR WEBBER: Article 13. To see if the Town will vote to authorize the Selectmen to negotiate and execute a contract with James P. Anagnos for the disposal by James P. Anagnos of solid waste generated within the Town of Londonderry through the means of a transfer station facility owned and operated by James P. Anagnos on Rockingham Road in the Town of Londonderry for a term of Five (5) years, at a contract price to be paid to James P. Anagnos not to exceed One Hundred Fifty Thousand Dollars (\$150,000.00) in each year of the contract, and to raise and appropriate a sum equal to the contract price, but not to exceed One Hundred Fifty Thousand Dollars (\$150,000.00). Requested by Petition of James P. Anagnos, et al.

Mr. Picco made a motion to move Article 13. Mr. Babin seconded the motion. Discussion followed.

MR. BABIN: I make a motion to amend Article 13, "To see if the Town will vote to authorize the Selectmen to negotiate and execute a contract with James P. Anagnos for the disposal by James P. Anagnos of solid waster generated within the Town of Londonderry through the means of a transfer station facility owned and operated by James P. Anagnos on Rockingham Road in the Town of Londonderry for a term of One (1) Year, at a contract price to be paid to James P. Anagnos not to exceed One Hundred Seventy-Five Thousand Dollars (\$175,000.00) in each year of the contract, and to raise and appropriate a sum equal to the contract price, but not to exceed One Hundred Seventy-Five Thousand Dollars (\$175,000.00). Seconded by Mr. Welch. Discussion followed.

Gordon Arnold made a motion to move the question on the amendment. Seconded by George Wiley. Voted and defeated.

Robert Early moves the question on the amendment. Paul Doyon seconds the motion. Voted affirmatively.

MODERATOR WEBBER: Article 13. To see if the Town will vote to authorize the Selectmen to negotiate and execute a contract with James P. Anagnos for the disposal by James P. Anagnos of solid waste generated within the Town of Londonderry through the means of a transfer station facility owned and operated by James P. Anagnos on Rockingham Road in the Town of Londonderry for a term of One (1) year, at a contract price to be paid to James P. Anagnos not to exceed One Hundred Seventy-Five Thousand Dollars (\$175,000.00) in each year of the contract, and to raise and appropriate a sum equal to the contract price, but not to exceed One Hundred Seventy-Five Thousand Dollars (\$175,000.00).

The amendment is voted on and defeated.

Peter Bouley makes a motion to move the question. Seconded by Gary Clark. Voted affirmatively.

MODERATOR WEBBER: Article 13. To see if the Town will vote to authorize the Selectmen to negotiate and execute a contract with James P. Anagnos for the disposal by James P. Anagnos of solid waste generated within the Town of Londonderry through the means of a transfer station facility owned and operated by James P. Anagnos on Rockingham Road in the Town of Londonderry for a term of Five (5) years, at a contract price to be paid to James P. Anagnos not to exceed One Hundred Fifty Thousand Dollars (\$150,000.00) in each year of the contract, and to raise and appropriate a sum equal to the contract price, but not to exceed One Hundred Fifty Thousand Dollars (\$150,000.00).

Voted affirmatively.

Mr. Welch made a motion to go to Article 26. Mr. Babin seconded the motion. Voted affirmatively.

MODERATOR WEBBER makes a motion that he will not have to read all of Article 26. Seconded by Mr. Babin. Voted affirmatively.

Article 26. "To see if the Town will require the Selectmen to do the following with regard to negotiating an agreement with Grassy Knoll Associates and Sanitary Corporation of America for the establishment of a regional sanitary landfill on property currently owned off Auburn Road by Grassy Knoll Associates and negotiating a contract for the long term requirements of the Town with regard to the disposal of the Town's non-hazardous waste and refuse which agreement will include the following:

1. To require, as a condition of any agreement, that all landfill operations are subject to inspection by the Londonderry Health Officer, and that all operations will be conducted in accordance with all applicable Federal and State regulations regarding the operations of a non-hazardous sanitary landfill.

2. To require, as a condition of any agreement that Grassy Knoll Associates and its Lessee, Sanitary Corporation of America, enter into a ten (10) year contract with the Town of Londonderry whereby Grassy Knoll Associates and Sanitary Corporation of America will accept and process all Town non-hazardous waste at the sanitary landfill site under the following terms and conditions:

- a) There will be no charge to the Town for the first five (5) years of the Contract;
- b) The charge for processing the Town's trash during the remaining five (5) year period will be seven (\$7) dollars per year per capita;
- c) The Town will also receive a royalty payment of fifty-thousand (\$50,000) dollars per year during the second five (5) Year period of the Town's waste disposal contract.

3. To require, as a condition of any agreement that the Town may, at its expense, provide for an individual or individuals to monitor the operations of the landfill, subject to the condition that the Town adequately provide for all necessary insurance coverage on said monitors such that the landfill owners or operators will not be liable for the monitors' activities at the landfill.

4. To require as a condition of any agreement that the residents of the Town and local Town collectors of Town residential trash, including brush and stumps, will be allowed access to and utilization of the landfill facility during normal operations.

5. To require as a condition of any agreement that Grassy Knoll Associates agree to transfer to the Town for one (\$1) dollar, a minimum of five (5) acres of land within the landfill facility and provide for all necessary access rights to the land, for the establishment by the Town of a municipal transfer station to be owned and operated at Town expense. Grassy Knoll Associates agrees to transfer said land to the Town in sufficient time prior to the landfill's capacity being reached in order that the Town will be prepared to operate such transfer station upon completion of landfill activities.

6. The Town will take action, as soon as possible and in cooperation with Grassy Knoll Associates and its Lessee, Sanitary Corporation of America, to approve and/or provide any and all necessary municipal permits to Grassy Knoll Associates or Sanitary Corporation of America necessary for the proper operation of the landfill within all useable State approved and engineered areas owned by Grassy Knoll Associates off Auburn Road, Londonderry, New Hampshire.

7. To require as a condition of any agreement that within six (6) months after the initiation of landfill activities, the Town provide all necessary land and access ways to the landfill site to avoid additional traffic along Auburn Road. That, thereafter, the cost of the separate access road, up to a maximum amount of three hundred thousand (\$300,000) dollars, be paid by Sanitary Corporation of America. Payment of said road cost by Sanitary Corporation of America to be made over a period of time not to exceed ten (10) years and conditioned upon trash tonnage received and coordinated with the operation of the landfill.

8. To require Sanitary Corporation of America to post a performance bond or other appropriate security to insure that in the event the landfill activities are closed by any State or Federal regulatory authority due to operational negligence of Sanitary Corporation of America's disposal of the Town non-hazardous waste during the remaining term of the Contract or breach by Sanitary Corporation of America of its obligations under the ten (10) year contract with the Town, the Town's trash removal expense will be provided for at no expense to the Town.

9. To require as a condition of any agreement that Grassy Knoll Associates established a scholarship fund and make a minimum contribution of (\$1,000) dollars per year to said fund to be awarded to a third year college student from the Town who pursues a course of study specializing in energy conservation and resource recovery.

10. To require as a condition of any agreement that Grassy Knoll Associates and Sanitary Corporation of America both become parties to all appropriate final agreements with the Town. Requested by Petition of Douglas L. Murray, et al. Discussion followed.

Douglas Murray makes a motion to move the Article. Allen Fowler seconded the motion. Discussion followed. Mr. Murray made a motion to move the question, and urged the question be defeated. Mr. Welch seconded the motion.

Mr. Early made a motion that the question be moved. Seconded by Arthur Psaledas. Vote to move the amendment carried.

Article 32 as amended to see if the Town will vote to prohibit overnight and weekend storage of school buses in a residential area. Daytime weekday storage would be limited to the operator's residence until July, 1981, after the word residence, and add beginning September, 1981 school buses parking areas are to be provided by the Town schools. The amendment was defeated. Article 32 reread. Discussion. Mr. Plummer made a motion to move the question.

Mr. Vangrevenhof made a motion to move as amended. The result of the voting was yes 72, no 82. The Article was defeated.

Article 21: To see if the Town will vote to appropriate the sum of \$5,000 to purchase lights for the Town's multi-purpose field on Nelson Road. The purchase will be subject to available matching federal funds, which would reduce the total cost of the project to \$2,500 for the Town of Londonderry. By request of the Londonderry Parks and Recreation Commission.

Mr. Babin made a motion to move Article 21. Seconded by Mr. Picco. Discussion.

Gail Blasius reported that the Parks and Recreation Commission would like to withdraw the Article, because of help from private funds. Seconded by Thomas Reed. Voted in the affirmative to withdraw the Article.

Article 22: To see if the Town will vote to raise and appropriate the sum of \$900.00 for the purpose of providing bus service through the Newmarket Health Center, Inc. for the Londonderry Senior Citizens.

Mr. Welch moves to accept the Article as read. Seconded by Mr. Picco. Discussion.

Mr. Clark moved the question. Seconded by Mr. Welch. Discussion. Article 22 voted affirmatively.

Article 23: To see if the Town will raise and appropriate the sum of \$100.00 for the purpose of providing assistance to Elderly through the Retired Seniors Volunteer Program.

Mr. Welch moves to accept Article as read. Seconded by Mr. Picco. Article 23 voted affirmatively.

Article 24: To see if the Town will create an Airport District within the Manchester Airport said district to include lands owned by the City of Manchester located in the Town of Londonderry and which lands subject to the act of the N. H. Legislature shall be exempt from all taxation. (See Airport District MAP Appendix A.)

Mr. Babin made a motion to accept the Article. Seconded by Mr. Welch. Discussion.

Mr. Lievens made a motion to amend the article to read where it says, "where land owned by the City of Manchester located in the Town of Londonderry, and which lands owned by the City of Manchester within said

district exclusive of buildings and improvements.” Discussion. Seconded by Mr. Russell. Voted affirmatively to amend the Article. Discussion.

Mr. Denninger made a motion to move the question. Seconded by Mr. Early. Voted affirmatively to move the question. Article 24 reread as amended. The Article was passed unanimously.

Article 25: To see if the Town will vote to amend the Public Dump Ordinance to read as follows:

Delete Section D. Item 2, Dump Permits and insert in place thereof the following Section D Item 2 Dump Permit.

a) Any resident of the Town of Londonderry upon presentation of proper identification and payment of \$1.00 to the Town Clerk or his/her designate shall receive a Dump Permit in the form so designated by the Selectmen, and said permit would be for household waste only.

b) Admission to the Dump Facility shall be permissible only to those residents who conspicuously display said permit on their person or motor vehicle upon entering the dumping area, or who produce such permit upon request by any officer of the Town of Londonderry or any designated agent of the Town of Londonderry.

Delete Section G Item 3 Renewal of Licenses and Permits and insert in place thereof the following Section G. Item 3 Renewal of Licenses and Permits.

All licenses and permits shall expire at midnight December 31 annually.

Applications for renewal licenses and permits may be made between January 1 and January 31.

Mr. Picco made a motion to accept the Article. Seconded by Mr. Babin. Discussion.

Mr. Early moved to table the motion. Seconded by Mr. Clark. The vote to table the Article is affirmative. The Article is tabled.

Article 27: “To see if the Town will require the Selectmen to make the following conditions part of any contract with a third party for the disposal, transfer, storage or dumping of garbage or refuse within the Town of Londonderry:

1. That they comply with all ordinances, regulations, and codes of the Town of Londonderry or of other public authority.

2. That they restrict the storage, transfer, disposal or dumping of garbage or refuse in Londonderry to garbage or refuse generated within the boundaries of the Town of Londonderry.

3. That all garbage or refuse be stored indoors and under cover. With the exception of public Sanitary Land Fill.

4. That, in addition to the requirements of existing ordinances, any land used for such purposes be completely screened from the views of abutters and/or passerby by coniferous or other trees or shrubs.

5. That any land so used shall be inspected quarterly by the Londonderry Health Officer and that the activity be suspended if any violation of the contract occurs or if there is well-founded complaint of any contamination of air, grounds, water or surrounding property." Requested by Petition of Mildred Fitts, et al.

Mr. Babin made a motion to accept Article 27. Seconded by Mr. Welch. Discussion.

Richard Newcombe made a motion to table the Article. Seconded by Allan Saulnier. Article 27 tabled.

Article 28 has been withdrawn.

Article 29: To see if the Town will vote to establish a Central Purchasing Department within the Town.

A motion was made to accept the Article by Mr. Welch. Seconded by Mr. Picco. Discussion. Mr. Russell made a motion to table the Article. Seconded by Mrs. Anagnos. Voted in the affirmative to table the Article.

Article 30: To see if the Town will vote to accept the consolidation of Trust Funds in order to obtain the maximum investment earnings to be used for general cemetery care.

Mr. Babin made a motion to accept the Article. Seconded by Mr. Welch. Discussion. Nancy Reed moved the question. Seconded by Mr. Clark. Voted to move the question. Article 30 voted affirmatively.

Article 31: To see if the Town will vote to petition the Representatives and Senators who represent the Town in the General Court to support in the current session of the General Court, the concurrent resolution to amend the State Constitution to limit the annual increase in both taxes and spending by the state or any city, town, or other governmental unit of the state to five percent unless approved by a 2/3 vote of those present and voting of such taxing or spending authority." Requested by Petition of David Vautier, et al.

Mr. Welch made a motion to move this Article. Seconded by Mr. Babin. Discussion. Mr. Early moved to table the Article. Seconded by Mrs. Anagnos. The motion to table the Article was opposed. Discussion. Ann Oizech moved the question. Seconded by Mr. Babin. Voted affirmatively to move the question. Article 31 defeated.

Article 33: To see if the Town will authorize the Selectmen to establish one coordinated telephone communications and dispatching facility so that the residents of Londonderry could dial one telephone number to request emergency assistance from either the Londonderry Fire Department or the Londonderry Police Department including ambulance service. Requested by Petition of the Londonderry Taxpayers Association—John T. Griffin, et al.

Motion was made to move the Article by Mr. Griffin. Seconded by William Koval. Mr. Early makes a motion to amend to see if the Town will vote to have the Moderator establish a five member committee to study the establishment and implementation of a coordinated telephone communication and dispatching facility so that the residents of Londonderry could dial one telephone number to request emergency assistance from either the Londonderry Fire Department or the Londonderry Police Department, including ambulance service, said committee to report back to the 1982 Town Meeting with recommendations for the Town of Londonderry. Seconded by Mr. Welch. Discussion. Vote on the amendment is affirmative. The amendment carried. Article 33 as amended is voted in the affirmative.

Article 34: This article is, "asking the people of Londonderry if they wish a Cable Television of any brand to be allowed in Londonderry, N.H.". Requested by Petition of Steve F. King, et al.

Mr. Welch makes a motion to accept the Article as read. Seconded by Mr. Picco. Discussion. Joseph McCann made a motion to amend that before a cable franchise be granted in Londonderry the Selectmen either themselves or a committee selected by them study the issues and service available thoroughly and present such a decision to the Town through a Town Warrant article. Discussion. The amendment carried by vote. The Article as amended carried. Article 34 as amended is carried.

Article 35: To see if the Town will vote to adopt the following Ordinance: AN ORDINANCE REGULATING THE LICENSING OF TAXICABS ON THE HIGHWAYS OF THE TOWN OF LONDONDERRY.

ARTICLE I.

No person or corporation shall operate taxicabs or other vehicles for public conveyance regularly over the highways of the Town of Londonderry, without first obtaining an annual license therefore from the Selectmen.

ARTICLE II.

The license fee therefore shall be Twenty-five Dollars (\$25.00).

ARTICLE III.

Before issuing said license, the Selectmen will require that the license procure public liability and property damage insurance for the protection of passengers and other members of the public. The limits on such policies shall be not less than \$100,000.00 for any one person and \$300,000.00 for any one accident in respect to public liability and \$100,000.00 on property damage. A certificate of such insurance must be furnished to the Selectmen and kept current at all times.

ARTICLE IV.

Taxicabs used regularly by a licensee hereunder shall be registered so that the town tax on any such vehicle shall be paid in the Town of Londonderry.

ARTICLE V.

All licensees hereunder shall be responsible to see that their vehicles shall not be operated at unreasonable speeds over the highways of the Town of Londonderry and no such vehicle shall be operated with more passengers therein than the regular seating capacity of said vehicle.

ARTICLE VI.

The word "taxicab" as used in this ordinance shall mean any rubber-tired motor vehicle, having a manufacturers rated capacity of not more than seven passengers, used in the call and demand transportation of passengers for compensation to or from points chosen or designated by the passengers and not operated on a fixed schedule, between fixed termini, or any such vehicle leased or rented, or held for leasing or renting, with or without driver or operator.

This Ordinance is duly enacted at the Annual Town Meeting of March 10, 1981.

Mr. Babin made a motion to adopt Article 35. Seconded by Mr. Welch. Discussion. Mr. Early moved to table the Article. Discussion. Mr. Clark moved to table the Article. Seconded by Mr. Early. Article 35 is tabled.

Article 36: To transact any other business that may legally come before the meeting.

Mr. Early made a motion to the Wage and Salary Committee to review and adjust accordingly all Town Job descriptions and the Budget Committee to review and adjust accordingly all Town salaries. Seconded by Mrs. Reed. Discussion.

Gary Clark made a motion that further Town Meetings in Londonderry be held starting on Saturday mornings at prescribed times. Discussion.

Mr. Russell made the following resolution: "I would like to do the following, it is over \$300,000 and be it resolved that it is the will of the people here assembled here today that the Selectmen in 1981, when they go to Concord to set the tax rate, apply at least one-half of the existing surplus against the need to raise taxes this year. The resolution was voted on unanimously.

Mr. Russell made another resolution that it is the will of this group of people that during this calendar year appropriate adjustments be made upwards of the salary of the Tax Collector of Londonderry, and the Town Clerk of Londonderry, and those increases to come from monies you already have in your budget, and you take it from somewhere else and you give it to them.

MODERATOR: That cannot be accepted.

Mr. Newcombe made a motion to adjourn. Seconded by Mr. Russell.

The meeting was adjourned at 1:37 p.m., March 14, 1981.

The foregoing minutes were recorded in my presence by Helen L. Roddy, Stenotype Reporter, and I certify them to be correct to the best of my knowledge and belief.

Alice M. Taylor, Town Clerk
Londonderry, N.H.

RECOUNT

March 13, 1981 — Royce Murray requested a recount of the ballots for Selectman, voted upon at the Annual Town Meeting, March 10, 1981.

March 16, 1981 - in accord with New Hampshire R. S. A. 1955, Chapter 669:30, the Town Clerk scheduled the recount at 7:00 p.m., Monday, March 23, 1981, at the Londonderry Town Office.

March 23, 1981, at 7:00 p.m. - the Moderator, Robert M. Webber, Selectman Donald Babin, Selectman, Frederick Picco, Town Clerk, Alice M. Taylor, Vernon Van Grevenhof and other appointed persons counted the ballots.

The ballots on Selectman were recounted as follows:

Robert H. Day	574	(575)
Daniel E. Dennehy	93	(93)
Douglas L. Murray	194	(192)
Royce G. Murray	553	(565)

The ballots were sealed and received by the Town Clerk at 7:30 p.m., March 23, 1981.

Respectfully submitted,

Alice M. Taylor, Town Clerk
Londonderry, N. H.

Mr. Babin made a motion to accept Long term bond interest - \$11,866. Seconded by Mr. Picco. Unanimous vote in favor of the figure \$11,866.

Mr. Babin made a motion to accept Rubbish removal contract -\$33,594. Seconded by Mr. Picco. Discussion.

Mr. Forest Kimball: "I would like to amend the figure of \$33,594 to \$8,403.17." Seconded by Mr. Donald Fairchild. Discussion.

Mr. Day made a motion to move the question. Seconded by Mr. Picco. Voted affirmatively.

Vote on Mr. Kimball's amendment - Yes - 14 and No - 39. Amendment defeated.

Mr. Mark Cohen made a motion to move the question. Seconded by Mr. Day. Voted affirmatively.

The total figure as amended — \$199,120 voted upon and voted affirmatively.

Mr. Robert Webber declared the meeting adjourned at 7:58 p.m.

Respectfully submitted,
Alice M. Taylor, Town Clerk
Londonderry, N.H.

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Londonderry in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Matthew Thornton School (Central) in said Londonderry on Tuesday, the eighth day of December, next at seven-of the clock in the morning to act upon the following subject:

1. To see if the Town will vote to amend Section III Residential District, Section XVII Definitions and Section XVIII Trailers of the Londonderry Zoning Ordinance, as submitted by the Planning Board:
 - I. Delete Section III, A. and replace with the following:

“A. The purpose of this district is to establish low-density residential areas located on land suitable for building development and so located to form neighborhood areas within the Town. Any residential or agricultural buildings existing at the time of enactment of this ordinance shall be considered as conforming to the provisions of this ordinance.

 1. Sub-districts

The Residential District is separated into two (2) sub-districts, R-I and R-II.”
 - II. Delete Section III. B. “The following provisions apply to this district.” and replace with the following:

“B. R-I. The R-1 District is defined as all land subdivided into two acres or less and which is not contained in any other district or subdistrict. (Existing items B. 1 through 5 will remain under this subsection.)..
 - III. Add new Section IIIC. as follows:

“C. R-II. The R-II District shall consist of land areas of the Town as recorded in the office of the Town Clerk, using Tax maps and lot numbers as shown on the tax maps dated 1968, updated April 1981, and similarly shown on the Town of Londonderry’s Zoning map dated March 1981, amended December 1981.

 1. Permitted Uses
 - a. Uses permitted in the R-I district
 - b. Manufactured housing
 2. Special Exceptions — Home Occupations, same as in Section III B.9.
 3. Residential Density — same as R-I, B.3.
 4. Subdivision by minimum lot size — same as R-I B.4.a 1 through 8.”
 - IV. Add new Section III D. as follows:

“D. General Regulations. The following regulations apply to all subdistricts within the Residential District. (Existing Section III. B. 6 through 11, renumbered and listed)”

- V. Section XVII Definitions — A. add the following:
“8. Manufactured Housing. For the purpose of this ordinance the definition of manufactured housing shall be that found in Chapter 31:118 of the New Hampshire Revised Statutes Annotated as follows: As used in this subdivision, “manufactured housing” means any and all forms of modular, unitized or prefabricated housing, as well as mobile homes which are brought to and assembled on a building site, placed on a foundation and tied into all conventional and necessary utility systems and which are intended to be used as a permanent dwelling unit. “Manufactured housing” does not include housing or mobile homes which are fully constructed on the site.”
- VI. Section XVIII-A. Delete and replace with the following:
“A. Every house trailer and mobile home thereafter occupied as a dwelling shall be placed in an established trailer court, park or R-II district. Mobile homes shall have a minimum of 600 square feet and mobile homes shall be certified that they comply with the mobile home construction and safety standards as adopted by the Department of Housing and Urban Development in 1976. All other manufactured housing shall comply with the building codes of the Town of Londonderry.”

Given under our hands and seal, this 10th day of November, in the year of our Lord nineteen hundred and eighty one.

SPECIAL TOWN MEETING

December 8, 1981

Special Town Meeting, Town of Londonderry, County of Rockingham, State of New Hampshire, Tuesday, December 8, 1981, at the Matthew Thornton School. Moderator - Robert M. Webber.

Selectmen - Donald Babin, Frederick Picco and Robert Day.

The Meeting was called to order at 7:00 a.m. and reading of the warrant began.

Mr. Babin: "I move to eliminate the reading of the warrant." Seconded by Mr. Picco. Voted affirmatively.

Mr. Babin: "I move that the action on Article 101 be by ballot with the use of the checklist and that the polls for such balloting shall open immediately and remain open until 7 o'clock this evening." Seconded by Mr. Picco. Voted affirmatively.

Mr. Webber announced that the processing of the absentee ballots would commence at 3:00 p.m.

Ballot boxes checked and shown to be empty.

Polls opened at 7:05 a.m.

Polls closed at 7:00 p.m.

The Moderator then proceeded with the counting of the ballots.

Total number regular ballots cast	205
Total number absentee ballots cast	<u>2</u>
TOTAL BALLOTS CAST	207

Article 101. Are you in favor of the adoption of Amendment 101 to the existing Town of Londonderry Zoning Ordinance as proposed by the Planning Board?

This amendment (1) creates a new R-II Residential District and defines the following: district boundaries, permitted uses, special exceptions, residential density, and minimum lot size. (2) creates a general regulations section in the Residential District consisting of existing regulations. (3) adds a new definition of "Manufactured Housing" to Section XVII. (4) References the new district in Section XVIII.

Yes - 130 No - 76 1 Cancelled Ballot

Article #101 declared passed by the Moderator.

Received sealed ballots - December 8, 1981 - 7:15 p.m.

Respectfully submitted,

Alice M. Taylor, Town Clerk
Londonderry, N. H.

AUDITORS' REPORT

This is to certify that we have examined the books of the Tax Collector, Town Clerk, Treasurer and Trustee of the Trust Funds for 1980 and find them to be correct to the best of our knowledge. Selectmen's payments were checked against total Treasurer's payments and found to be in agreement. Our report was filed with the Department of Revenue Administration, State of New Hampshire and Selectmen, Town of Londonderry, May 1981. The audit for fiscal year 1981 has completed the records of the Town Clerk and is currently proceeding with records of the Tax Collector and should be completed and reported in June 1982.

THE LONDONDERRY LEACH LIBRARY TRUSTEES—1981

The Londonderry Leach Library Trustees meet each month except during the months of July and August.

The Children's Room is now in full swing. A Story Hour for pre-school children, under the direction of Mrs. Marion Guilbert, is extremely successful. Children are signed up way ahead to attend.

A group of Lithuanian books has been purchased as requested in the Charles Zylonis will. Just the interest on the trust fund is to be used and only for Lithuanian Books and periodicals.

The Trustees sponsored several bus trips to Quincy Market which were enjoyed by all who attended. The first Saturday in October is when we held our "Too Good to Throw Away and Used Book Sale". This was well attended and I think the Trustees are their own best customers. The last Sunday in November found us setting up the annual Christmas Table which was filled with hand-made and donated gifts. This table contained everything from jelly to plants. Many thanks to all who helped make it a success.

We were saddened by the death of Alden Whitney who had been our custodian for a year.

Our Library Staff is to be congratulated on a well run library which is a pleasant experience for young and old. The Library is growing fast.

Adult Cards:	1980 — 6,230	1981 — 7,000
Children's:	1980 — 760	1981 — 1,400

Circulation during one month: 2,800 books-children; 5,000 books-adults.

Many thanks to the other eight Trustees who are always there with good ideas and plenty of enthusiasm.

Respectfully submitted
Marilyn H. Bowen

AUDITOR'S REPORT

JAMES J. MULRENNAN
Certified Public Accountant
Palmer Drive
Londonderry, New Hampshire 03053

January 14, 1982

To the Commissioners
Londonderry Housing and Redevelopment Authority
Londonderry, New Hampshire

I have examined the balance sheet of the Londonderry Housing and Redevelopment Authority as of December 31, 1981 and the related statements of operations, retained earnings and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as I considered necessary in the circumstances.

In my opinion, the accompanying statements present fairly the financial position of the Londonderry Housing and Redevelopment Authority at December 31, 1981, and the results of its operations and changes in financial position for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

James J. Mulrennan

LONDONDERRY HOUSING AND REDEVELOPMENT AUTHORITY
NOTES TO FINANCIAL STATEMENTS
December 31, 1981

Note 1 — Summary of significant accounting policies

Land was recorded at original cost and then the acreage was segregated into separated parcels. Subsequently, the site development costs were charged to the respective land parcel. A sale of land will result in the particular land parcel being relieved of cost at the average cost rate per parcel.

Note 2 — Notes payable

The notes payable account is comprised of four 5.9% \$5,000 notes due to the Town of Londonderry. Annual maturities of \$5,000 occur each year through 1985.

Francis Keefe
Building Inspector
and Health Officer

BUILDING INSPECTOR AND HEALTH OFFICER REPORT

The Department made in excess of 2,600 inspections in the past year, with 2,875 hours of inspections, averaging approximately 1 hour for each inspection.

The above does not include meetings with other enforcement agencies and boards of the Town and State (I, Fire Department, Planning Board, Board of Adjustment, State Water Supply and Pollution Control Commission, State Solid Waste Div., State Hazardous Waster Div. and Federal Environmental Protection Agency).

A great deal of time has been spent investigating and testing the reported hazardous waste dump in the Town with the State and Federal Agencies. Three sites have been inspected and evaluated and on-going tests are being conducted on two of the sites. The final results will be forthcoming, hopefully, by the end of the year from test wells that have been installed.

This department has made considerable headway in the sewage problem in the Town, but it will take one to two more years to complete. The third man has been the prime reason for the advance of this work. It gives the department the manpower to be able to evaluate the proposed site by observing all tests and layouts prior to the installation of the system. This phase is probably the most important. Two other inspections are required, namely, bed bottom, which determines that the system is going to be constructed in the proper location, and final inspection, which determines that the system is constructed in strict conformance with the plans and specifications.

The past year has had a large increase in Commercial/Industrial building. This trend is expected to continue with the Commercial development of Route 102, and the Industrial development of the Industrial land at the airport.

I would like at this time to thank the other departments, boards and personnel of this department for their co-operation in the past year.

Respectfully submitted,

Francis Keefe
Building Inspector
and Health Officer

LONDONDERRY COMMUNICATIONS COMMITTEE REPORT

February, 1982

The Londonderry Communications Committee was charged with determining the feasibility of establishing one coordinated telephone communications and dispatching facility which would enable Londonderry residents to dial one phone number and be connected to all emergency services (Article 33, printed in the 1980 Londonderry Town Report).

Composed of five members, Selectman Robert Day, Fire Lieutenant Robert Miller, Police Lieutenant Raymond Bower, and private citizens Arlene Early and John Griffin, the committee met several times to carry out its duties. The elemental factors of viewing central dispatch setups, meeting with telephone company representatives and judging the existing equipment and space, all weighed on the decision.

The committee organized and after discussion, duties were determined to be twofold and separate, examination of the central dispatch concept and examination of the 911 system.

CENTRAL DISPATCH:

In the pure form, the concept of central dispatch appears ideal. The combination of Police and Fire dispatch (and therefore, the streamlining of personnel and equipment) seems like a valuable cost saving idea. When the concept of central dispatch is applied to the practical needs and requirements of the Londonderry Police and Fire Departments, problems arise. Dispatch personnel (one person per shift per department) of the Londonderry Police and Fire Departments do more than receive calls and send responders. Londonderry Fire utilizes their dispatchers for other associated duties and the Londonderry Police Department utilizes any idle time by dispatch for clerical duties. The Londonderry Police and Fire Departments are open to the public twenty-four hours a day and the dispatcher is frequently used as the first greeter and handler of the public. Because of this utilization of dispatch, elimination or combination of the two departments dispatchers becomes difficult. Therefore the formation of a central dispatch would require an increase (perhaps even a doubling) of existing personnel and as such is not financially feasible.

Existing equipment was found to be incapable of handling a central dispatch but could be adapted. However, at present an area adequate to house a central dispatch is not available. This dispatch area must have access to the Police files and records as the information that the files provide is constantly in demand. Therefore, an adequately sized area would have to be located, constructed and equipped at a high cost to the Town. Again, this is not financially feasible.

Keeping in mind that the main advantage to central dispatch in the pure form is cost savings and considering the aforementioned facts, the Londonderry Communications Committee recommends to the Londonderry Selectmen that the central dispatch concept not be initiated.

911 SYSTEM:

The second issue concerning us is the feasibility of a 911 line or any combination of three digit phone numbers capable of triggering an emergency call system. The time saved in dialing 911 in comparison to searching for an emergency number and dialing the seven digits could be valuable in saving life and property. However, when applied to Londonderry again, major problems develop. The Derry phone exchange, which Londonderry is a part of, services both Derry and Londonderry. If a 911 system was initiated in Londonderry, and dialed in Derry, the Derry resident would contact the Londonderry Police Department. Londonderry is also serviced by two other phone exchanges, Nashua and Manchester. If a Londonderry resident who was serviced by those exchanges were to dial 911 they would receive Nashua and Manchester emergency services respectively. Because of these reasons and the incapability of the telephone computer to segregate these exchanges, the 911 or any three digit combination is not possible here. The committee therefore must recommend rejection of the 911 system as well.

Respectfully submitted,

Raymond F. Bower
Police Lieutenant

Robert H. Day
Selectman

Arlene Early

John T. Griffen

Robert R. Miller
Fire Lieutenant

LONDONDERRY CONSERVATION COMMISSION

A major portion of our time during the past year was spent working out details of town acquisition of a 57 acre tract adjacent to Kendall Pond. Following passage of a warrant article at the Town Meeting which authorized one half of the appraised value of the property, Commission members worked on the application for matching Federal funds. This matching funding was aproved late in the year and the town is now in the final stages of negotiation with the landowner, Mr. John Laycock, Jr. of Derry. We hope to complete acquisition by March 1982.

The remainder of our time was taken up reviewing dredge and fill permit requests. Several major permit requests were reviewed during the year and these all required on-site inspections by Commission members. In most cases, we recommended approval but in one instance, a proposal to fill in part of Wheeler Pond, we recommended denial. Our feeling is that the town has too few wetlands of that type to allow them to be filled in at will, but the Wetlands Board issued the permit over our strong objection.

The year ahead will be interesting and challenging for the Commission as we hope to have some of the timber on the Musquash Conservation Area appraised and cut in order to return some revenue to the town and improve the habitat for wildlife. The area is excellent for snowshoeing, hiking, cross country skiing and hunting. We hope the citizens of the town continue to enjoy it as they have in the past.

Finally, we have some membership changes to report. Dianne MacRae, our former chairman, moved to Washington State, and we welcomed two new members, Dennis Morgan and Bill Estey.

Respectfully submitted,

Paul R. Nickerson
Chairman

DERRY VISITING NURSE ASSOCIATION

The Derry Visiting Nurse Association has proudly served the Town of Londonderry since 1966. The following and many other factors combine to continually demand that this agency be effective and flexible in responding to your community's home health care needs:

- a rapidly growing population
- earlier hospital discharges
- longer life spans
- escalating costs of institutional care
- increasing emphasis on prevention
- New England tradition of self reliance

The Derry Visiting Nurse Association has a long proven record of serving participating communities with professional excellence and human caring. Services are offered under four major program areas as follows.

Care of Sick Program

- Nursing Home Visits
- Physical Therapy
- Occupational Therapy
- Home Health Aide Visits

Homemaking Program

- Homemaker Visits

Maternal and Child Health Program

- Well Child Clinics and Followup Visits
- Immunization Clinics
- Expectant Parents Classes
- New Born Visits

Adult Health Promotion Program

- Screening and Follow-up Clinics
- Health Education
- Adult Health Home Visits

We are happy that home health care costs have been increasing at a much lower rate than institutional health care costs. One of the major factors in our increased costs is maintaining certification for reimbursement from Federal sources such as Medicare, block grants and Title XX. However, those Federal funds, combined with specific grants, allows our agency to provide services to Londonderry which cost the agency over three (3) times as much as the Town appropriation. We feel this is appropriate utilization of agency resources.

Federal funds and grants usually are restricted to specific categories of illness, age, income and time periods. Many people needing our services

simply do not fit those specific eligibility categories. So, it is important to emphasize that Town appropriations assist the agency to serve people regardless of income and age.

Following are some major statistics for Londonderry for last fiscal year ending, June 30, 1981.

Skilled Nursing Home Visits	524
Physical Therapy Visits	126
Occupational Therapy Visits	13
Home Health Aide hours	425
Homemaker hours	450
Screening Clinics (people seen) approx.	300
Adult Health Home Visits approx.	150
Well Child Clinics (children served)	91
Expectant Parent Classes (participants)	14
Maternal Child Health Home Visits approx.	150

The above and other services for Londonderry residents come to a total per capita value of approximately \$3.30. It is impossible to translate those services into human values, but our clients and their families can testify to the meaning of home health care in their lives.

If local citizens meet President Reagan's challenge to increase local funding to compensate for drastic Federal cuts, the Derry Visiting Nurse Association will be able to continue its long standing commitment to serve people regardless of income and age. If the local funding challenge is not met, this agency will be forced to radically alter the services provided.

Londonderry representatives on the Board of Directors are Charlene Liponis and Peter Milnes.

FIRE DEPARTMENT

EMERGENCY LINES.....432-7742 or 432-7743

BUSINESS LINES432-3442 or 432-3369

The Fire Department would like to remind you of the basic information we need when you report a fire or medical emergency. Please give us your name, house number and street, telephone number, and the nature of the problem. If you can give additional information such as the color of your house or the nearest cross street, it would be appreciated.

At this time we would like to remind you, if you have not done so already, to please display your house number on or beside your front door, as this helps us locate your house in an emergency. If you could also place your numbers on your mailbox, this would also help.

Telephone stickers with emergency numbers and rescue stickers for childrens rooms are available at the fire stations.

We have experienced a new problem with brush fires during the winter months, due to improper disposal of ashes. If you have a wood or coal burning stove, be aware that dumping hot ashes outdoors can cause a brush fire or housefire. The safest place to dispose of hot ashes is in a metal container.

The Firemens' Relief Association started a fund raising campaign at Old Home Day last year and ended with a raffle in December, to raise money for the purchase of a "Jaws of Life" Rescue Tool. We would like to thank all those who contributed to the campaign, especially the many clubs and civic organizations who donated money, and held fund raising activities to help purchase the tool.

The Fire Department has available several sizes of chimney brushes for the use of the townspeople in cleaning their chimneys. These are available for use at no charge, and regular cleaning helps to reduce the likelihood of a chimney fire. The brushes are located at Central Fire Station. Those with coal burning stoves are reminded that their chimneys should be cleaned with a nylon brush, not a metal one.

REPORT OF THE CHAIRMAN OF THE L.H.R.A.

The year 1981 was a year of accomplishment for us and the Town of Londonderry, highlighted by our negotiated agreements with the Manchester Airport Authority and the City of Manchester.

The March 1981 town meeting approved a tax exemption for land owned by the M.A.A. or the City of Manchester within the confines of the airport proper. The next step was to have a bill passed through the Legislature permitting the tax exemption. Thanks to the support of all our Representatives and our Senator, this was accomplished for the Governor's signature by mid June. This agreement permitted us to offer access to taxiways directly from our property to potential customers.

The next problem arose when the corporate customers wanted to install their own aviation fuel supply tanks, which was not being permitted on M.A.A. owned property. Again, we negotiated an agreement: that fuel tanks would be permitted only if they had a minimum capacity of 20,000 gallons, and a guaranteed minimum usage of 100,000 gallons per year per customers.

With this finally accomplished in December, we are now holding discussions with several prospective customers concerning the potential development of hangars and other air-related uses, and the sale of the remaining land.

The first customer with construction underway for this taxiway property was Tyco Labs. They will construct an \$800,000 facility, to be finished in 1982.

The next project approved was a development by Flight Associates One of about \$2,500,000 value, to include Cabot Corporation, Business Helicopters, and two other corporations; this will be finished in 1982. We expect 1982 to be very busy with the further development of this area.

In the project area known Parcel II, we have completed a substantial building by Harvey Road Associates, valued at about \$600,000, and a \$75,000 project for expansion of parking area by the Executive Court Club.

Approved for 1982 construction are additions to the Atlantic Grinding Company building and the Executive Court Club. Another potential building must await approval of its waste disposal by water pollution control before we can take further action. We also expect Beal Corporation to fulfill their plans for two buildings on Parcel I.

The project is moving along well; the mortgage note is paid and the loan taken on our behalf by the Town of Londonderry is paid to date with interest.

We have worked with the Londonderry Planning Board on their revision of the Industrial Zoning to bring our requirements and the Town's into closer agreement, which will help expedite the construction schedules of prospective builders.

We must give special thanks to the Londonderry Building Inspector, Selectmen, and Planning Board for their cooperation with the L.H.R.A. They have helped to make the development project continue to succeed.

Respectfully submitted,
William Lievens, Chairman
L.H.R.A.

NEWMARKET REGIONAL HEALTH CENTER

In 1981, the Newmarket Regional Health Center celebrated its 10th anniversary and opened a new medical facility, the Lamprey River Clinic, in Raymond, New Hampshire. At both facilities, a medical program is operated, providing general medical care, preventive health services and an extensive community outreach program, which includes preventive screening clinics, health education and social services. In 1981, the health center initiated a mental health linkage program. Ann Bliss, a counselor, was hired to provide mental health services which consist of initial intake and assessment, short-term counseling linkage and referral to area mental health agencies.

Medical services are provided by Sarah Oxnard, M.D., Michael Lewis, R.P.A., and Barbara Janeway, M.S.N., A.R.N.P. In July, Peter Friedensohn, M.D. joined the staff. Dr. Friedensohn is a graduate of Dartmouth Medical School. The medical team includes registered nurses, medical assistants and community health workers. For more information or to make a medical appointment, call 659-3106 in Newmarket, 895-5531 in Raymond, or toll-free in Newmarket at 1-800-582-7279.

The Community Health Workers coordinate a school health program and preventive screening clinics to detect potential health hazards. They hold informative workshops and act as liaison between the medical providers and the patient.

The Newmarket Regional Health Center also operates a Senior Citizen Transportation Program. In 1981, two new 18-passenger busses (with hydraulic lifts) were purchased, increasing our fleet to three vehicles equipped to provide services to individuals confined to a wheelchair. The transportation service enables seniors to remain independent, self-sufficient and active by providing rides to needed services, including medical, shopping and recreational trips. For more information or to arrange a ride for a senior citizen, call 659-2424 or toll-free at 1-800-582-7279.

The Newmarket Regional Health Center wishes to express its deepest appreciation for the continuing support given by the town of Londonderry.

Sincerely,
Ann H. Peters
Executive Director

PLANNING BOARD REPORT

In 1981 the Planning Board, along with professional planner Arthur Sullivan, continued revising the zoning ordinance of the Town of Londonderry. This year changes in the Residential and Industrial zoning were completed.

A special Town Meeting was held in December to vote on adding a new Residential subdistrict to allow manufactured housing, including mobile homes, on individual lots. This was done to comply with a new State statute and we believe Londonderry is the first in the State to comply with this law.

During the year the Board signed 32 subdivision plans totalling 127 new lots. Non-residential site plans signed this year totalled 11. The Board approved Londonderry's largest shopping center, the Apple Tree Mall, owned by Shaw's Realty Company, and has worked very closely with Shaw's to insure that this project will be a welcome addition to our community.

The Board has collected a total of \$5,843.60 in subdivision and site plan fees for 1981.

At the March, 1981 Town Meeting the Town voted in the affirmative to adopt amendments to the Zoning Ordinance which expanded the Commercial areas in Town and also revised or updated the Commercial zoning regulations.

The Board would like to thank Anthony Cinquegrana, who resigned this year, for all his time and dedication to the Board.

The Planning Board meets every Wednesday evening at the Londonderry Town Office, and welcomes any interested citizen to attend the meetings.

Respectfully submitted,

Joseph Wingate
Chairman

LONDONDERRY POLICE DEPARTMENT

ANNUAL REPORT — 1981

This year brought us vast improvement in our efforts to curb crime, improve services and the safety of our residents, specifically, burglary was down a whopping 52%, from a high of 253 cases in 1980 to 122 in 1981, we are very pleased with this, the result of having the town meeting of 1980 grant us an increase of 6 men, of course, it wasn't just numbers that brought about the accomplishment, but the talent and dedication of the entire department.

The detective division headed by lieutenant Ken Lynch was aided considerably with the addition of Roy Melnick and Larry Brogan, their efforts, combined with that of juvenile officer Joseph Ryan brought about the arrest of many of the perpetrators. The patrol division, headed by Sgt. Lionel Leblanc also contributed greatly to the successes of the department, our clearance rate for the burglaries was 73.8%, an almost unbelievable figure when compared to the national rate of about 20%.

The "big three" criminal activities of burglary, theft and criminal mischief, dropped 18% from last year, a sizable gain for us. Motor vehicle accidents were down about 8% and the best news that we completed the year with no fatalities compared to 7 deaths in 1980, there were a grand total of 1,098 crimes in 1981 for an average reduction of 17%.

Arrests of juveniles was also down from 423 to 277, a welcome relief and indicative of the fact that many "got the word" that we meant business.

There were 1546 motor vehicle offenses for the year and only 23 were found not guilty, prosecutor Gerry Gillespie did his homework well. Criminal cases totaled 250, a total of 375 adults and 199 juveniles were arrested or summonsed in addition to the 1546 motor vehicle violators.

On the financial side, we were able to have a surplus of more than \$15,000 despite a doubling of the amount needed for retirement funding. The state hiked the percentage from 7% to 14.3% in the middle of the year costing us several thousand dollars more than expected. We also received over \$29,000 from outside work details and other sources, which when added to the \$15,000 surplus reduced our actual budget cost to the town by over \$44,000.

We feel that this has been a year of accomplishment for the department. Each member is doing his job in a professional manner with several outstanding contributions by individuals. A sense of pride exists and morale is generally very good. While we cannot expect a repeat of the extreme accomplishments of this year, we feel that we are in a good position to do very well in 1982.

LONDONDERRY PUBLIC WORKS DEPARTMENT

The Highway Department rebuilt Griffin Avenue—engineering, site work, drainage, gravel, processed gravel, and driveways and landscape work. The same was also done to Griffin Road intersection to improve the sight distance.

Shimmed the following tar roads:

Griffin Road	Lancaster Drive	Hardy Road
Gary Drive	Kitt Lane	Coteville Road
Kimball Road	Part of Adams Road	Cross Road

Drainage work was done on the following roads:

Bockes Road & Mill Road	Bancroft Road	Red Deer Road
Griffin Road	Devonshire Lane	

Graveled the following roads:

Chase Road	Bockes Road	Page Road
Wilson Road	Menter Mill Road	Stokes Road
Greeley Road	Part of West Road	

Penetrated the following roads:

Chase Road	Otterson Road	Beacon Street
Bancroft Road	Wood Avenue	Stokes Road
Watts Road	Dan Hill Road	Part of West Road
Menter Mill Road	East Clark Road	

Repaired the intersection of Parmenter and High Range, patched Parmenter Road, removed ledge and stumps on Pillsbury Road, and grav-eled and paved part of Pillsbury Road. We took down 29 trees throughout the town. Shoulder work was done on Harvey Road, Sanborn Road. Kimball Road, and Pillsbury Road.

Sealed the following roads:

Chase Road	Griffin Road	South Road	Buttrick Road
Lancaster Dr.	Cortland Lane	Beacon Street	McAllister Drive
Hardy Road	Gary Drive	Kitt Lane	Bancroft Road
Kimball Road	Alexander Road	Mt. Home Road	Adams Road
Cross Road	Dan Hill Road	West Road	Otterson Road

Plus taking care of normal road hazards such as patching at intersec-tions drainage problems, cleaning catch basins and culverts, some beaver problems, mowing, sign making and repairs (traffic & street), line marking on roads and parking lots, and picking up trash on road side. Also plowing, salting, and sanding during the winter months. Superintendent Ross would like to thank his crew for a job well done.

Respectfully submitted,

Robert A. Ross
Highway Superintendent

RECREATION COMMISSION

There were two changes in the commission during 1981. Larry Gingrow was appointed to a regular commission position, to fill the vacancy created by the resignation of Tom Brightman. The Commission also added Tom Sutcliffe as a Commission alternate. One alternate position remains vacant.

The members of the Recreation Commission are pleased with the continued interest and increased participation in recreation programs during 1981. Our programs are designed to provide recreational outlets for all residents, young and old alike.

Our summer program was split between Matthew Thornton and South Schools in 1981. It continues to be one of our most popular programs. The summer program, which began shortly after July 4th and ran for a six-week period, had a daily average attendance of 100 children. Our summer program was particularly fortunate to have a young and energetic staff, which kept the youngsters active and interested. Special activities, such as visits from the UNH Little Red Wagon, occasional field trips, frequent contests, and daily arts and craft sessions helped make it a great summer.

The Saturday youth basketball program saw a continued increase in participation. The program consists of approximately 500 youngsters between the ages of 7 and 12. The addition of a 13 year old program was necessitated due to the registration of over 50 youngsters in that age group. The increase in participation has necessitated using the gyms in all three elementary schools from early morning until late afternoon every Saturday and South School one evening per week. Despite the increases, we have been able to refine our program so that children are playing with others of comparable age and talent as well as playing under conditions which encourage progressive development.

Another highly successful youth program has been the Saturday soccer program. This program now is truly a three-season sport, since it boasts of over 400 youngsters (boys and girls) between 6 and 12 years old for the spring, and fall leagues. Additionally a summer program for high school and junior high school age youngsters was well attended and successful.

Two new youth programs were initiated during 1981. One was the Hershey Track and Field Competition, from which a dozen youngsters qualified to compete state wide. The other was a Rifle Education Program which was well attended by an enthusiastic group of youngsters. Both these programs will continue in 1982.

Other youth programs that were provided during 1981 include our track and field events at Old Home Day, the Easter Egg Hunt and the Youth Fishing Derby (co-sponsored with the Londonderry Fish and Game Club).

The adult programs sponsored by the Commission provide recreational outlets for residents virtually every day of the week.

On Monday nights, men play basketball at South School.

On Tuesday nights, women have the opportunity to get into shape by participating in physical fitness programs run by Bev Gorman. The classes include Canadian Air Force exercises, cardiovascular aerobics, yoga and aerobic dance.

On Wednesday nights, women play volleyball at Matthew Thornton School. They begin play in September and continue through May.

On Thursday nights, men take over Matthew Thornton Gymnasium to play their own style of volleyball. They also play from September to May.

On Sunday mornings, September through November, the men's one hand touch football program is held on the field behind South School.

Additional programs conducted during 1981 included tennis tournaments and clinics as well as concerts and other activities at the Bandstand on the Town Common.

The commission hopes that everyone will take advantage of the facilities at Londonderry Recreation Park off Nelson and Sargent Roads behind the Central Fire Station. The Commission maintains a 47-acre park which consists of two tennis courts, two basketball courts (which become a lighted ice skating rink in the winter), a volleyball court, horseshoe pits and various playground equipment. In addition, there is a multi-purpose field for softball, football and soccer. Surrounding the park is a nature trail that can be used as a cross country ski trail in the winter months. Picnic facilities are also on the site.

We have interested and dedicated people working on the Commission, and each volunteers to help develop, coordinate and run the Commission's programs. The Commission is always open to new ideas and programs which will benefit the entire community, and eager to expand and upgrade existing facilities. To accomplish these objectives, however, we need your support, not only as volunteers but also your financial support at the annual Town Meeting. We extend an open invitation to residents to attend our monthly meetings held on the second Monday of each month at 7:30 P.M. in the Town Hall.

At this time we would like to thank the School Board, for the use of their facilities; the Town Highway Department, for their continued assistance; and to all the individuals, who make our programs possible and successful, whether as managers, coaches, referees, umpires, scorekeepers, helpers, benefactors, or understanding spouses. To you, our heartfelt thanks, for without you there would not be any successful recreation programs in the Town of Londonderry.

Respectfully,
Londonderry Parks and
Recreation Commission
Don Foley, Chairman
Joe Blasius
Sara High
Larry Gingrow
Tim Mathieu
Tom Sutcliffe

SEWER AND WATER COMMISSION

This has been our most active year. There was 14,500 ft. of 16 inch water main installed from the Manchester line south on Mammoth Road thru the village continuing south on Rockingham Road to Noyes Road and south on Noyes Road to the site of the new two million gallon water storage tank built this year. This system is in operation even though there is still minor work left todo at the tank site and we have yet to install the pumping station.

On the sewer side we have started work on the installation of the Harvey Road Sewer Line. We had 18 bidders and feel very fortunate that bids came in under what was authorized by Town Meeting four years ago. We expect this work to be completed during the spring of 1982.

The only project we have for this year is a request to extend the water line on Sanborn Road from Mammoth Road to the North School. This will make water available for both school use and fire protection.

Respectfully submitted

Londonderry Sewer and
Water Commission

William O. Merrill
Allen Fowler
John E. Webster Jr.

SOUTHERN NEW HAMPSHIRE PLANNING COMMISSION

Since the Commission's last report to the Town, Federal budget reductions and recissions have hampered efforts to sustain the level of staffing and the varied work program to which our members communities have become accustomed over the past fifteen years.

Budget constraints have forced the Board of Commissioners (your appointed representatives) to eliminate one technician position, reduce the combination bookkeeper and secretarial position to a part-time bookkeeper status, and most recently, to leave the vacated graphic artist slot open. Thus far, the program area most affected has been the previously HUD-State supported regional planning element. A severe reduction in HUD '701' funding, and elimination of the State match to help support the Commission's Fiscal 1982 work program, forced the adoption of a much-abbreviated regional planning component.

Despite these problems, the Commission has attempted to balance the needs of the outlying towns with those of the central city, Manchester, and has been able, through its regional, transportation and local planning assistance programs, to continue services to local officials. In the form of various reports, special studies, technical assistance, etc., member communities have had important concerns addressed and been able to receive help on a wide range of issues. Several have been able to initiate public improvement projects which are eligible for State and Federal financial assistance.

During the past year, some of the work accomplished under the regional and transportation planning elements has included:

- An evaluation of progress made, by the Commission, toward the implementation of previously-adopted regional land use and housing plans (parts of the regional comprehensive plan);
- Publication and wide distribution of our newsletter, "Project", through which timely articles and news items on a wide variety of subjects ranging from recent court decisions on planning and zoning matters, community tax base analysis, and the use of performance standards for new development evaluation, to water quality management have been brought to the attention of municipal officials and concerned citizens;
- A seminar for General Court members representing the Commission's communities, during which they had an opportunity to informally discuss our responsibilities, programs, services and relationship with the towns with Commissioners and staff;
- A workshop on the National Flood Insurance Program conducted for the benefit of areawide selectmen, building inspectors, planning board members and the general public;

- A workshop conducted by representatives of the New Hampshire Department of Public Works and Highways on the Department's "5-Year Highway Improvement Program, 1981-1985 for the Southern New Hampshire Planning Commission Subregion". Municipal officials and the public were invited to obtain a briefing on projects in their respective communities and to become familiarized with the project qualification and selection process;
- The completion of a "Community Recreation Survey" of facilities, programs, financing, staffing, and issues through interviews with officials in each community. The results are expected to be published by the Office of State Planning during the Spring of 1982;
- Extensive work, by Commissioners and staff, with areawide Boards of Selectmen and members of the New Hampshire Legislature in an effort to correct numerous inequities in RSA Chapter 566 which will seriously impact local tax rates resulting from implementation of the State Solid Waste Plan. (Details were reported in the December, 1981 issue of "Project"); and
- Co-sponsored, with the Nashua Regional Planning Commission, a workshop on interpretation of the provisions of RSA 31:118 and 119 regarding zoning for mobile homes. Staff also worked with a legal counsel of the New Hampshire Municipal Association drafting proposed amendments on behalf of our members communities.

Studies undertaken by Commission staff, or for the Commission by consultants, or by the State of New Hampshire in conjunction with the annual update of the Metropolitan Manchester Transportation Planning Study (area coverage includes the City of Manchester and the Towns of Auburn, Bedford, Goffstown, Hooksett, and Londonderry) include:

- "School Enrollment" (March 1981);
- "Urban Goods Movement Study FY 1981, Central Business District Manchester, New Hampshire" (April 1981);
- "Metropolitan Manchester Planning Study Area Employment Estimates" (June, 1981);
- "Urban Impact Analysis FT 1981 Metropolitan Manchester Planning Study Area" (June 1981);
- "A Preliminary Evaluation of Reasonably Available Transportation Control Measures for the Reduction of Carbon Monoxide Emissions in the Manchester, New Hampshire Metropolitan Area" (June, 1981) by C. E. McGuire, Inc.;
- "South Manchester-Londonderry Sub-Area Transportation Study" (June, 1981) by the COMSIS Corp.; and
- "Metropolitan Manchester Planning Area Long Range Highway Plan" (December, 1981).

Local Planning Assistance Services

A representative sampling of staff services provided to the Town of Londonderry during the past year included:

- Provided the Planning Board and Board of Selectmen with updated copies of "Planning Legislation In New Hampshire".
- Provided the Planning Board with a sample draft of material needed to bring the Subdivision Regulations into compliance with the 1981 amendments to RSA 36:23, "Board's Procedures on Plats".
- Provided the Board of Selectmen, Planning Board, Zoning Board of Adjustment, and Building Inspector with notices and schedules of Municipal Law Lecture Series held in the Fall, 1981.
- Provided the Board of Selectmen, Planning Board and Zoning Board of Adjustment with copies of proposed legislation relating to their respective jurisdictions being considered by the 1981 session of the New Hampshire General Court.
- Provided the Planning Board with a copy of "Performance Standards For New Hampshire Communities" for consideration for possible use in the Zoning Ordinance.
- Provided the Board of Selectmen with notice of public hearings on adoption of criteria governing the designation and mapping of "prime wetlands" under RSA 483-A:7.
- Advised the Board of Selectmen and the Planning Board on legislative hearings pertaining to House Bill 913 "manufactured housing" (subsequently enacted as RSA 31:118 and 119).
- Met with the Planning Board to discuss local zoning compliance with the provisions of RSA 31:118 and 119.
- Provided the Planning Board and the Building Inspector with an interpretation of the provisions of RSA 31:118 and 119 dealing with zoning compliance with the placement of mobile homes.
- At the request of the Planning Board, prepared original graphics for an updated Londonderry Zoning Map and arranged for the printing. Graphics work was done at no cost to the Town.
- Detailed several recommended local road improvements through the Commission's "Metropolitan Manchester Planning Area Long Range Highway Plan" and the New Hampshire Department of Public Works and Highways — commissioned **South Manchester-Londonderry Sub-Area Study**.
- Vice Chairman Mr. Donald Babin headed up a three-member Commission sub-committee conducting an in-depth review of the new RSA Chapter 566 which was enacted by the 1981 session of the State Legislature to implement the State Solid Waste Plan. The extensive work of this sub-committee, in co-operation with the various boards of

selectmen, resulted in the preparation of several very important amendments intended to protect the municipalities. Consideration of these is expected during the 1982 special session of the New Hampshire General Court.

Londonderry's representatives on the Commission are:

Commissioners: Mr. Donald Babin, Vice Chairman
Mrs. Patrina Nesmith
Mr. "Mike" Demers
Mrs. Diann MacRae, Alternate

Executive Committee: Mr. Donald Babin

Metropolitan Manchester
Transportation Planning Policy
Committee: Mr. Robert Day

TOWN CLERK'S REPORT — 1981

The year end figures for the Town Clerk's office reflect a slowing of growth of the town. While total income increased about 13%, most of it was the result of an increase in the automobile registration tax. Increases in revenue from the motor vehicle tax was 13% over last year. Income from building permits and related items increased about 20%. There were decreases of 15% for tax maps, refuse permits and junkyard permits, and a 16% decrease in dog fees and penalties. 1,378 dogs were licensed this year compared to 1,525 in 1980.

We would like to remind residents, particularly those moving to New Hampshire, that motor vehicles must be registered with the Town Clerk within sixty days of residency. Drivers license applications may also be obtained here. Dogs must be registered and licensed upon attaining the age of three months. Proof of rabies inoculation must be presented when registering dogs.

To avoid long waiting periods and lines, we suggest that you conduct business with Town Clerk's office before the end of the month. For those who may be contemplating marriage, there no longer is a requirement for a blood test. There is, however, a three day waiting period after application for marriage license. Please plan accordingly.

Vital statistics for 1981 show 137 marriages, down from 146 in 1980. There were 191 births, down from 228 and fifty deaths, down from 84 in 1980.

ZONING BOARD OF ADJUSTMENT TOWN REPORT

The Zoning Board of Adjustment is required by RSA 31:66, and is mandatory, whenever a town or city enacts a zoning ordinance. The Board of Selectmen is given the authority to make appointments to the Zoning Board of Adjustment (ZBA) and a new member is usually appointed for a five (5) year term.

State enabling Status (RSA 31:72) gives the Board the authority to act in three separate and distinct categories:

I. APPEAL FROM ADMINISTRATIVE ORDER

To hear and decide appeals where it is alleged there is an error in any order, requirement, decision or determination made by any administrative official in the enforcement hereof or of any ordinance thereto. (RSA 31:72)

II. EXCEPTIONS (Must be specified in the Zoning Ordinance.)

To hear and decide Special Exceptions to the terms of the Ordinance upon which such board is required to pass under such ordinance. (RSA 31:72)

III. VARIANCES

To authorize upon appeal in specific cases, such variance from the terms of the ordinance as will not be contrary to the public interest, where owing to special conditions, a literal enforcement of the provisions of the ordinance will result in unnecessary hardship, and so that the spirit of the ordinance shall be observed and substantial justice done. (RSA 31:72)

The majority of cases heard come under the variance category and each case usually presents a unique set of circumstances. When considering a variance, the following conditions must be present:

1. A hardship must exist which is inherent in the land in question and which is not shared in common with other parcels of land in the district.
2. The spirit and intent of the ordinance must not be broken by granting the variance.
3. The granting of the variance will not adversely affect other property in the district.
4. Not to grant the variance would result in injustice.

Many of the cases presented are presented as hardships. However, under zoning law, a hardship has nothing to do with the physical or economic condition of the owner, but relates directly to a condition of the land which prevents the owner from complying with the ordinance. Usually, peculiar characteristics of the land such as shape, size, topography or other unique conditions may present a hardship for the particular piece of land in question.

If the above characteristics are common and shared by other parcels in the district, the land in question is no longer unique and would not qualify under the hardship clause of the ordinance.

The Zoning Board of Adjustment meets at the Town Hall on the third Tuesday of every month. All requests for a variance must be applied for before the last day of each month. All townspeople are encouraged to attend the monthly meetings and deliberations.

1981 STATISTICS

School District Salaries (1/1/81 - 12/31/81)	LXIII

(THIS IS NOT AN OFFICIAL COPY OF THE WARRANT)

1. To see if the District will vote to authorize the School Board to apply toward the cost of the Londonderry Junior High School project any interest income resulting from the investment of bond anticipation notes and bond proceeds in an amount equal to the interest costs incurred through borrowing. Interest income will not be applied to the project in excess of interest expense.
2. To see if the District will vote to raise and appropriate the sum of \$4,364,676 for the support of schools, for the payments of salaries and benefits for the School District officials and agents (other than teachers' and custodians' salaries and benefits as negotiated), and for payment of the statutory obligations of the District.
3. To see if the District will vote to raise and appropriate the sum of \$380,291 to fund all "cost items" relating to custodians' salaries and benefits for the 1982-1983 fiscal year, which sum is required to fund costs as a result of negotiations with the Londonderry School Custodial Employees (Local #1801 AFL-CIO).
4. To see if the District will vote to raise and appropriate the sum of \$4,014,876 to fund all "cost items" relating to teachers' salaries and benefits for the 1982-1983 fiscal year, which sum is required to fund costs as a result of negotiations with the Londonderry Education Association.
5. To see if the District will vote to change the terms of the school district clerk, moderator and treasurer from one year to three years, beginning with the terms of the school district clerk, moderator and treasurer to be elected at next year's regular school district meeting. (BY PETITION).
6. To see if the District will vote to only send agricultural-vocational students to State of New Hampshire sanctioned agricultural-vocational schools. This will result in the State reimbursing the Town of Londonderry for a portion of the tuition. (BY PETITION).
7. To see if the District will vote to bring before the School District Meeting the 1982-1983 school calendar, with the intent to change said calendar and make it acceptable to the voters in said district. (BY PETITION).
8. To hear reports of agents and auditors and committees or officers chosen and pass any vote in relation thereto.
9. To see if the District will vote to authorize the School Board to accept and to spend in the name of and in behalf of the School District gifts for the use of the schools.
10. To see if the School District will vote to authorize the School Board to apply for, negotiate and do all other things necessary to obtain such State, Federal, or other funds, grants or aids, including Public Law

89-10, Public Law 89-313, Public Law 93-203, Public Law 93-380, Public Law 93-561, Public Law 94-142, Public Law 94-444, Public Law 94-482, and Public Law 95-49, as may be available to the School District or its students, and to authorize the School Board to expend the same.

11. To see if the District will vote to authorize the School Board to apply for, accept and expend, without further action by the School District Meeting, money from the state, federal or other governmental unit or a private source which becomes available during the 1982-1983 school fiscal year provided that such expenditure be made for the purposes for which a School District may appropriate money and that such expenditure not require the expenditure of other School District funds. Further, that the School Board hold a public hearing prior to accepting and spending such money.
12. To transact any other business that may legally come before this meeting including the appointment of committees.

LONDONDERRY SCHOOL DISTRICT

BUDGET SUMMARY

1982-1983

General Fund:		
Instruction	\$4,086,972	
Instructional Support Services	463,831	
Administrative Support Services	727,505	
Plant Maintenance	1,137,872	
Pupil Transportation	580,309	
Food Services	10,000	
Managerial Support Services	639,339	
Community Services	20,000	
Debt Service	<u>1,094,015</u>	
Total General Fund Budget Request		\$8,759,843*
Federal Fund		57,493
School Lunch Fund		<u>290,000</u>
Total Budget All Funds		<u><u>\$9,107,336</u></u>

As of this printing, teacher contract negotiations between the Londonderry School Board and the Londonderry Education Association are still in process. Therefore, this 1982-1983 budget request **does not include funding** that may result from a new negotiated contract between the two parties. This budget does include funding obligations for next year under the terms of the Agreement **now** in effect.

*Budget Committee Recommendation — \$8,400,000 (pertains to General Fund only).

ANNUAL REPORT

LONDONDERRY SCHOOL BOARD CHAIRMAN

It is with a great deal of pleasure that I write this report to the people of Londonderry on behalf of the School Board. I will highlight some of the more important activities that took place this year.

The most significant highlight of the year was the positive vote by the people to build the Junior High School which is the last of several important steps in the development of a complete educational program in Londonderry. The Junior High students (7th and 8th grades) will now have their own school for the first time. The School Board wishes to express appreciation to the Building Committee members for their hard work in achieving their goal of having the classroom wing ready for occupancy in September 1982 (also see their report).

At the recommendation of our auditors, the School Board has decided to automate the accounting system and have purchased a Wang computer. At the present time the payroll is fully operational and the accounting system should be on line this spring. Future applications will be student attendance, student scheduling, grade reporting and educational census. We wish to say thanks to the Computer Committee for their professional contribution and direction.

A concern expressed by the citizens at the time of voting for the new Londonderry High School was accreditation. Many hours by many teachers, administration, staff, students and citizens of the community have been used to assess the school in light of its philosophy, objectives and accreditation standards and to provide recommendation to help the school to move beyond its present accomplishments. The reality of accreditation by New England Association of Schools should occur in the spring of 1982.

This past year we have appointed seven new administrators to our staff. We appointed Craig Young to the position of Business Administrator. Craig came to us from Natick, MA. Alfred Bouchard, who recently retired from the United States Marines, was appointed Lunch Program Director. Normand Felix, a teacher at North School, was appointed assistant principal at North School. Patricia Archie, a specialist at Matthew Thornton School, was appointed assistant principal at Matthew Thornton. Sharlene Rautio, an English department head at our high school, was appointed assistant principal at South School. Edward Boyle was appointed acting assistant high school principal. He had held the position of social studies teacher at the high school. Nancy Meyers, an assistant principal at our high school, has been appointed the new Junior High principal this past January and will organize and plan the opening of that school this September.

Also, we wish to express a word of thanks to a departing Board member. Chester Ham has served on the School Board the past three years. His skill of being an excellent listener to the students, employees and citizens of Londonderry, as well as his concern for people and their feelings, have been appreciated by the Board.

On behalf of the entire Board, I extend thanks to the superintendent and his staff for their leadership and cooperation in working with the Board to carry out our educational goals for Londonderry. We also thank building administrators, assistants, staff, students, parents, volunteers and all others involved with our school system. We would also like to express thanks to the people of Londonderry for their financial support to help the Londonderry school system.

Respectfully submitted,

Roger E. Dykstra, Chairman
Londonderry School Board

ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

Again this year, principals, special education personnel and various other staff members have reported, specifically, about their individual schools and programs. As superintendent, I shall attempt to mention some highlights of the past year. They include:

- a. The continued **growth and improvement of Londonderry High School**; viz. the academic program, social atmosphere and attitude and morale of staff and students. I relate this improvement to the overall quality and dedication of the staff and administration.

I truly believe that Londonderry High School is a good place for kids to be. Let us hope that the New England Association of Schools and Colleges' accreditation report supports my contention.

- b. The inception of a **Community Adult Education Program** with the addition of college credit courses.

- c. **Entrance Age Policy**

Modified, with input from parents, this policy now provides for testing and evaluation of children too young to meet the chronological age requirement.

- d. **Work Experience**

This highly successful program has manifested a positive influence upon the attitudes, performance and educational welfare of many students.

- e. **Summer School**

Our summer school offerings now include enrichment and additional credit over and above makeup work for failures.

- f. **Achievement Testing Program Modification**

The district presently tests student achievement at grades 2, 3, 5, 7 and 9 (and accountability at grades 4, 8, 10 and 11). Past practice was to administer the testing battery at each grade (each year) 1-12.

In all grades Londonderry students (as a group) achieved at a higher level than the norm. This was expected. More importantly, our students scored higher than anticipated with the exception of 5th grade language arts and social studies and 9th grade reading and reference skills. As a result, special emphasis will be placed upon additional instruction in these areas, and each principal will continue to analyze his or her school's performance to determine unique needs and set specific priorities toward correcting any deficiencies.

The statistical data comparing our year to year testing results over the past five years is very positive and encouraging.

- g. **Special Curriculum — Gifted/Talented**

Through expansion, this program is now meeting the needs of a larger number of students.

h. Curriculum Development

Work has been completed in language arts, math, science, practical arts, foreign language, social studies and the readiness program.

Aside from the routine matters of operating the schools on a day-to-day basis, additional time and effort has been expended by individuals with **negotiations, accreditation, the junior high project, installation and programming a new computer** and entering into the restaurant business with the initiation of a full **ala carte lunch program**.

Although we did not hire any additional personnel (1981-1982), the Board and administration were involved in recruiting, interviewing and appointing thirty-five (35) new teachers to fill vacancies resulting from resignations, maternity and sabbatical leaves and non-reappointments. We continued to seek out the best possible candidates (and) to date, with a few exceptions, we have been quite satisfied with their performance evaluations.

Since the last school district meeting, a myriad of individuals have been involved in the new **junior high construction project** in preparation for a September, 1982, anticipated opening.

Over the past several months, the Londonderry School Board has appointed a principal, assistant principal, librarian and secretarial staff for the new building. They are now deeply involved in preparation for opening activities, e.g. program review and modification; student, teacher, class and school scheduling; budget implications regarding equipment and supply inventory and purchasing; transportation; course selections; mark reporting and attendance procedures; staff meetings (and) the endless minutiae that demand time and attention if the school is to experience a successful opening. In addition, members of the **Building Committee** have given countless hours at regular, special and building site meetings. The time, effort and concern manifested by these individuals has been invaluable to the administration. Their contributions will have a direct, positive effect upon our new school and its programs. We are very grateful.

The adoption of a **1982 fiscal year budget** saw reductions in almost all areas, as well as complete deletions in some. This year, with the financial impact of a new school, the **proposed 1983 fiscal year budget** experienced similar reductions; only on a more massive scale.

These are difficult times for public education and difficult times for taxpayers, many of whom are trying simply to make ends meet. Although program curtailments may be inevitable, the administration and staff pledge to provide quality instruction and maintain the highest standards possible within the budgetary limitations determined by the citizenry.

Each year my job as superintendent is to provide leadership (at the direction of the school board) by setting the stage, planning the happenings

and influencing positive change. The “happenings” (themselves) are a direct result of the skills, hard work and dedication of the professional staff members, district resource personnel and all the individuals who volunteer their time and expertise to the improvement of our school district. The credit rightfully belongs to them, as individuals and as a group.

Respectfully submitted,

A. J. Ouillette, Jr.
Superintendent of Schools

ANNUAL REPORT OF THE BUSINESS ADMINISTRATOR

1980-1981

The Londonderry School System has undergone several program and personnel changes this past year. Our best wishes for a happy retirement go to Mr. James Coughlin, former Londonderry School Business Administrator. One of Mr. Coughlin's many contributions was to initiate the conversion of our bookkeeping system to that of the state required program accounting system.

Our accounting conversion is proceeding as anticipated and will soon be enhanced by the installation of an "in-house" computer system. The computer will initially perform all accounting and payroll functions. The long range plans for the computer include student scheduling, grade reporting, attendance reporting, census, personnel reporting and budgetary forecasting.

The Food Service Program has also undergone a slight conversion from participating in the National School Lunch Program to developing our own Ala Carte Program. The expected reduction in federal support funds has required this modification. Unfortunately, as a consequence, the food service staff was reduced causing the lay off of many dedicated employees. We wish them well and hope the success of our Ala Carte Program will enable the District to rehire them. In addition, our best wishes go to Mrs. Janet Palmer, Food Service Director, who has resigned to engage in private enterprise.

Through the cooperative effort of Ms. Betsy McKinney, Town Treasurer, Mrs. Myrtle Pond, School District Treasurer and school business office personnel, an effective cash management system has been initiated. By accurately projecting the school district's cash needs, the district can more readily take advantage of high yield investments (certificates of deposit, repurchase options).

For next year, our efforts will be focused on several major endeavors:

1. Timely and successful completion of the Londonderry Junior High School.
2. Consideration must be given to upgrade the District's athletic fields. The demand for these facilities far outstrips their availability.
3. Continued emphasis on energy conservation and the development of an energy management program.
4. The successful installation of the computer system and conversion of our records.

Respectfully submitted,

Craig A. Young,
Business Administrator

REPORT OF THE LONDONDERRY JUNIOR SENIOR HIGH SCHOOL ADMINISTRATION

On Saturday, June 20, 1981, the last class to be brought back to Londonderry High School when the school opened in 1978 was graduated. This class, in particular, made significant contributions to the personality, traditions and strengths of the school. Their leadership has helped to mold the future.

New scholarships were given this year from the Londonderry Rotary Club and the Londonderry Chapter of Dollars for Scholars. Class President, Mary Hafner and Class Speaker, Lisa Lafond addressed the graduates on this rainy day which was culminated by senior Kathy Ryjacek singing 'We Made It Through The Rain.'

Not to be outdone by the seniors, the eighth grade graduation ceremonies were also held in the gymnasium due to rain.

During the year, the Student Council received the New Hampshire 'Honor Council of the Year' award; a football team was inaugurated and was undefeated at the freshman and junior varsity levels; a girls' soccer program was initiated; the boys' track team was runner-up in its class in the state of both winter and spring; the girls' field hockey team was undefeated in its regular season; the girls' basketball and tennis teams both earned championship playoff berths as did the boys' baseball team; and the girls' gymnastics team was runner up in the state championships.

The student council has taken an active role in student discipline this year by working with the assistant principals in the development of the Merit System of discipline. The Merit System has replaced office detention with a point system which attempts to reward students for good behavior while punishing consistent offenders of school rules with in-school suspension. The In-School Suspension Program, under the supervision of Carroll Boyle, continues to be a model program and has received high praise and recognition throughout the region. In-school suspension has dramatically reduced the number of out-of-school suspensions necessary and has proven to be a most effective disciplinary tool.

An Adult/Community Education Program finally became a reality during the year under the direction of Albert Jacobbe. Expansion of the program is planned for 1981-1982 to include college credit courses.

The Work Experience Program, under the direction of Anne DeFrancesco was initiated with 43 students participating fully in the program. An additional 160 students were serviced with job placements through the work experience office.

The professional staff, assisted by members of the community, was highly involved in preparation for accreditation by the New England Association of Schools and Colleges which is scheduled to take place in March of 1982. The total school: facilities; academic and extra-curricular

programs; professional staff; philosophy and objectives; department and course syllabi; library and media services and support are some of the areas that will be evaluated. Work will continue on this major task through the time that the visiting committee for accreditation reports. The staff has shown a very high level of dedication and professionalism in its commitment to this major undertaking. Direction for this task has been provided by Steering Committee members Anne DeFrancesco and David Johnson, co-chairpersons, Barbara Edmond, Nancy Meyers, David Sousa, Gail Nolan, Everett Grant, and Michele Keady.

A variety of activities including the State Foreign Language Festival, the Annual Art and Music Festival, the Vocational Education Open House, concerts by Buddy Rich and Woody Herman, and All-State Music Auditions were held at the school.

Several teachers represented the school and its program at national conventions. Daniel Kiestlinger and Anthony DeFrancesco, Physical Education teachers, made presentations in Athletic Training and Outdoor Venture respectively at the National Physical Education and Health and Recreation convention.

Mindy Oleson, English teacher, made a presentation at the National Writing Convention.

The school will sorely miss the services of Barbara Edmond, Foreign Language teacher, who was the advisor to the Student Council for the past three years, a member of the Steering Committee, and an outstanding educator.

This 1980-1981 school year was highly successful and rewarding. As we look forward to next year, the challenge of accreditation will necessitate a major effect.

Respectfully submitted,

Edmond Thibodeau
Principal

David Sousa
Assistant Principal

Nancy Meyers
Assistant Principal

Robert J. Shea, Principal

ANNUAL REPORT OF THE PRINCIPAL
1980-1981

To the citizens of Londonderry, I hereby submit my report as Principal of the Matthew Thornton School.

This year, our staff utilized the information given to us through the needs assessment, testing programs, and parental input to build programs into our curriculum that would best meet the needs of our students. Key areas of development are as follows:

Listening Skills: It is important that at an early age we recognize that children must learn to listen in order to be successful in all of their endeavors. Our teachers are working on educational programs that will promote the use of sound listening skills.

Communication: In all grade levels we have instituted programs that promote an understanding of others, how to relate with peers, the development of responsibility, and an awareness of self attitudes. We believe that the adults that our students come in contact with are the best models, therefore, we have strived to develop sound lines of communication between parents and staff. Many activities have blossomed from positive communication; a P.T.A. that is committed to bringing educational programs and materials into our school; a Parent Volunteer Program that provides aid to our teachers and students in our instructional program; and a Room Parent Program that provides assistance in planning special activities for our students.

The dedication of our staff and parents has created a strong sense of pride and spirit in our school.

Reading: Our students, through the efforts of Pat Archie, the Matthew Thornton staff, and the Matthew Thornton P.T.A., have been introduced to the importance of reading, not only in school, but in everyday life. This year our students participated in the Reading Is Fundamental program and the N.H. Young Authors' Conference. In all grade levels, students were involved with classroom reading projects and various reading for enjoyment activities. These activities were well received by our students, teachers, and parents.

In the beginning of the school year, we develop goals that will benefit our students. It is through the dedication of the staff that we accomplish these goals. They have worked long and hard to insure that each student's educational and social needs are identified and met.

In closing, I would like to thank all of the Matthew Thornton staff: teachers, specialists, secretary, aides, cafeteria workers, custodians and volunteers, who have given much time and effort to our students. I would also like to thank Mr. Ouillette and the School Board for their continuous efforts to provide quality education to the children of Londonderry.

This year has been one of many accomplishments, and we look forward to a new school year in the Fall.

Respectfully submitted,

Robert J. Shea

Kenneth B. Williams
Vice Principal

NORTH LONDONDERRY SCHOOL
Donald R. Jobin, Principal
REPORT OF THE PRINCIPAL
1980-1981

To the citizens of Londonderry, I submit my annual report as Principal of the North Elementary School.

This was our first experience in having grade 7 as part of the North School organization. This increased our student population to 569 during the school year. We maintained as much as possible a junior high atmosphere in academic areas for grade 7, whereby students were exposed to a number of different teachers during the course of each day. Students had electives such as foreign languages, junior high band or chorus, and also had the opportunity to participate in interscholastic athletics.

Such a large enrollment with limited core facilities was indeed a strain upon the total staff at North School throughout the year. In spite of many constraints, our school and students had a successful year with meaningful experiences due to the dedication, cooperation, and drive for success of the entire North School staff. I am indeed proud to be associated with such a staff whose ultimate goal is the educational welfare of each student attending this school. I am most grateful to each and every member of the total staff for their outstanding commitment and support.

A professional goal was made by classroom teachers to "affective education". Through weekly lessons, students gained insight into their own feelings and those of others in becoming better students and better individuals in our ever-changing society.

Our annual achievement test results indicate again a record of excellence. This is indeed rewarding in light of many restricting conditions prevailing at this time.

The North School P.T.A., under the leadership of Rodney Edwards, flourished with many exciting programs for parents and students. Our P.T.A. has become an integral unit of our community and we appreciate its support and cooperation. I wish success to Sue Turmelle, newly elected P.T.A. President.

Our Parent Volunteer Program, which began in 1973, has continued to be a vital instrument in the success of our students. A most sincere tribute is extended to all who participated.

An invitation is extended to the parents who are not yet involved in our school to come in and visit and to become participants in many of our programs for parents.

I wish to take this opportunity to express my appreciation to Mr. Ouillette, the School Board, and the parents for making North School the school that it is! THANKS!

Respectfully submitted,

Donald R. Jobin
Principal

SOUTH LONDONDERRY SCHOOL
James E. Gratton, Principal
ANNUAL REPORT OF THE PRINCIPAL
1980-1981

To the citizens of Londonderry, I submit my first annual report as Principal of South Londonderry Elementary School.

It is with pride and pleasure that I reflect back upon the past academic year.

The school's enrollment figure was approximately 800 students in grades 1 through 7. The addition of 7th grade students to the elementary buildings necessitated the addition of 5 portable classrooms at South School. We opened the school year with 36 classrooms of students, a strong staff, excellent support people and a new administration.

The strength of any educational program can be measured by the quality of the teachers and their ability to not only meet the students' academic needs, but their social, emotional and physical needs as well.

A meaningful and positive educational experience is our primary objective and is best achieved when teachers, support staff, parents and administration work to those best interests of the student.

The P. T. A. was very supportive of school programs, not only with funding, but with personnel when needed. Mrs. Mary Perkins and her board of officers were a pleasure to work with. The Venture Program, RIF, school assemblies, Sargent Camp, movies, school store, playground design and equipment, and our school fair were only a few of the undertakings of our P. T. A.

Mrs. Nancy Richards was head of our parent volunteer program. Through the efforts of many parents over 1200 hours of support time were given to assist the classroom teachers.

A special thanks and recognition are conveyed to Miss Mary Aylward, who, during the first half of the school year, assumed the role of interim Assistant Principal. This was a most difficult position with regard to the arrival of a new principal and the large school enrollment. Her expertise, unselfish sharing of her time, and dedication to her position as an educator will always be appreciated.

The management team concept was adopted this year. The primary goal the first year was to provide grade level teachers with a scheduled time to share ideas and work toward team goals. The concept has a great deal of potential and it is hoped that it will become a cornerstone for strong curricula development in the ensuing years.

In February, Miss Lucille DiCicco was appointed Assistant Principal with Miss Aylward resuming her role of reading coordinator. Miss DiCicco did an outstanding job of establishing a consistent discipline program while

still maintaining rapport with the students. Her expertise in curriculum development has been and will continue to be a great asset in striving to meet the changing needs of the students.

I wish to take this opportunity to thank the members of the community for their support of South School, Superintendent A. J. Ouillette, Jr. for his educational leadership and Mr. Kenneth Brewer for providing our students with the special services they need, and to the Londonderry School Board for their dedication in response to the needs of the young people of our community.

Respectfully submitted,

James E. Gratton
Principal

REPORT OF DIRECTOR OF PUPIL SERVICES

The 1980-1981 school year reflected expansion, refinement, and professional growth for the District's Pupil Services Department. The growth of the district's special needs population resulted in an expanded staff which included an additional speech and language pathologist, a special education department coordinator for the Junior-Senior High School, a full-time occupational therapist, a half-time Learning Resource Center teacher for Matthew Thornton School, a half-time guidance counselor for South School, an increase from half to full-time in the Resource Room position at North School and contracted psychological services (2½ days per week). In addition, the District made significant use of the newly created educational strategist position at SERESC.

District-wide staffing guidelines were developed to facilitate the process of identifying and servicing students with special needs. A total of **one hundred and sixty-one** (161) handicapped pupils received assistance during all or part of the school year. An additional **thirty** (30) handicapped students were serviced in out-of-district programs. Numerous other pupils received services through district programs which are described in detail later on.

Several other activities occurred during the school year. These included: State sponsored workshops to each elementary school staff on Title IX; a presentation by district personnel to area preschool teachers in an attempt to improve the child find process for the district's preschool, handicapped population; and a continuation of the career education grant and program at the secondary level.

As Director, during the year I participated in the accreditation process at the Junior-Senior High School; served as a member of the district-wide testing committee; served as a member of the N. E. Association of Secondary Schools' visitation committee which evaluated Berlin High School; served as chairperson of the special education on-site review team which evaluated Somersworth's special education programs; coordinated the district-wide standardized testing program; served on the district's Title IV committee; and participated in a week long seminar entitled **Young Children With Special Needs** at the University of New Hampshire.

The following departmental reports, as prepared by coordinators or individual members, describe in more detail the services that were provided during the 1980-1981 school year.

Guidance Department: Elementary Level

This school year was met with our determination to maintain and extend the Guidance and Counseling programs previously developed. We were aided in our efforts by the addition of Joyce Maynard to our ranks. She worked half-time at South School and aided Bart Hemmerich in her efforts to reach the social/emotional needs of nearly 800 students; while Susanne

Toomajian and Joan D'Amico worked at the Matthew Thornton and North School, respectively, to meet their newly increased needs — as the seventh grades were added to the elementary's domain.

We continued to offer counseling services on an individual and group basis with a total of 330 students being served in this manner. We consulted with parents, teachers and principals and served on pupil placement teams and district testing committees in an effort to provide for an individual student's social/emotional and/or academic growth; we served as testers for the screening and placement of six-year olds into their appropriate first year programs, and for the identification and placement of special needs and gifted-and-talented students; we taught guidance classes appropriate to teacher and student identified needs at each grade level from readiness through seventh; we co-taught how-to-study groups for seventh grade students; we were case coordinators for 14 handicapped students — seeing to it that their placements best met their needs; we were liaison persons between the student offender's school and the Derry Court Division Committee; and we helped coordinate the seventh grade orientation program to the Junior/Senior High. These varied services insured that every Londonderry elementary student would be reached by our guidance and/or counseling services.

We solidified our Title IV-B State funded affective ed program by holding district-wide grade level workshops for teachers for the purpose of enhancing their skills in carrying on their own affective ed programs, and in furthering their understanding of their students' social, emotional, and developmental issues. The onus of classroom guidance instruction has, in many cases, been successfully shifted from the counselor to the classroom teacher — thus enabling each student to have an affective ed experience on a weekly basis. The goals, objectives, and materials involved in this Title IV-B program have led to its being declared an exemplary program by the Title IV-B Committee for the State of New Hampshire, and to its presently being placed in competition with other programs for funding for State and National dissemination purposes.

In an effort to maintain our own professional growth, we have attended college courses, workshops and conferences; and have been involved in professional organizations: Project Adolescent; New Hampshire Personnel and Guidance Association; Merrimack Valley Personnel and Guidance Association; and the Specialist in the Assessment of Intellectual Functioning Seminar Programs (S.A.I.F.).

We are all looking forward to working with you in the fall.

Respectfully submitted,

Susanne Toomajian
Joyce Maynard
Bart Hemmerich
Joan D'Amico

Guidance Department: Secondary Level

The High School Guidance Department has been through a very productive year. The staff consists of Peggy DeLanoy and Sue Badois, Secretaries; Karen Abrams, Everett Grant, Karen McCarthy, and Liz Platt, Counselors; and Bob Pedersen, Guidance Director.

The main emphasis of the staff continues to be individual and group counseling of students in the areas of career exploration, academic preparation and personal/social adjustment. We engaged students in a variety of group experiences, ranging from preparing for SAT's and exploring careers to such things as "strategy sessions" for students from single parent homes. One group entitled, "I Hate School" was geared to confronting students with attitudes and values which prove counter-productive in school and then setting out to effect positive change.

Our College/Career Information Center provided an endless amount of written materials for students to peruse and borrow. A number of kits, tapes and other multi-media systems were also available for student and parent loan.

Many students made use of our Guidance Information Service computer terminal for rapid and personalized information about occupations, schools and financial aid. The system has freed the counselors for counseling contact with more of their students. Through funds made available by a Career Education grant, a part-time aide, Linda Cummings, staffed the Center for four hours per day.

We have operated what has been called a "Shadow Experience" with a number of students this year, whereby they select a person in a career of their choice to work with for a day. This has been an excellent way for students to get an in-depth look at a specific career or two in an enjoyable way.

Counselors have been actively involved in the school wide testing program, using interest, aptitude and achievement tests to help students discover their strengths and make career decisions. The PSAT, SAT, NEDT (National Educational Development Test), CTBS (Comprehensive Test of Basic Skills) and Advanced Placement tests were offered to students in grades 8-12 at various points in time throughout the year.

A very successful college and career night was held in October combining the resources of the Career Education Committee with the Guidance Department. In addition, a Financial Aid Workshop was conducted by the Guidance staff in December as a work session for students and parents who needed help in their search for scholarship aid.

An extensive orientation program was conducted for in-coming 8th graders. Student council representatives served on a panel which travelled to each elementary school to answer students' questions. The 7th graders were then brought to the high school for tours and further discussion with the Assistant Principal.

Helping students with job applications, references for technical schools as well as the military, organizing field trips to college fairs, registering new students, aiding students with course selection and scheduling, plus a myriad of administrative requirements... the tasks have been many, the time short. The counselors are stretched in many different directions and they wear many hats, depending upon the time of year. Fortunately, the year does end, and renewal takes place and the staff gets ready for the challenge of a new and exciting year. The staff looks forward to the coming year with eagerness, anticipation, and a genuine desire to serve the youth at Londonderry High School.

Respectfully submitted,

Robert Pedersen
Director of Guidance
Londonderry Junior-Senior
High School

Speech and Language Department

During the 1980-1981 school year, the Speech and Language Department consisted of three full-time Speech and Language Pathologists and one part-time; Mrs. Barbara Blake serviced South Londonderry School, Mr. Allan Pare serviced Matthew Thornton, Ms. Catherine O'Brien serviced North Londonderry School and the Junior/Senior High and Mrs. Denise Carter and Mrs. Deborah Gratton serviced the preschool population.

At the elementary and secondary levels, a total of 130 students received direct Speech and Language Therapy on an individual or small group basis. Also 110 children district-wide participated in weekly speech and language improvement and auditory training sessions within the classroom. The in-district preschool Speech and Language Program continues to implement and expand its services to the 3-6 year old population. The Department provides clinical services for all types of communication disorders, these being voice, fluency, auditory, articulation and language.

The duties and responsibilities included direct therapy services, in-depth diagnostic evaluations, inservice training, coordination of outplaced students, participation at staffings and conferences, administrative functions, as well as, completion of numerous professional reports including Individual Educational Plans, progress reports and mandated state forms.

The department's participation in the Spring Registration Drive continues to be an integral part of the process and a vital portion of our program.

Providing in-district services for the majority of our pre-schoolers has meant a substantial savings to the Londonderry School District not only in tuition fees but also in the very high cost of transportation for these children. This year 30 preschool children were evaluated and nine received direct therapy.

We wish to extend our appreciation to the school board, administration and citizens of Londonderry and are pleased to play an important part in the total educational experience.

Respectfully submitted,

Barbara A. Blake
Denise F. Carter
Deborah Gratton
Allan R. Pare
Catherine L. O'Brien

Health Services

School Health Services has the ongoing task of maintaining the health of students, family, and community members, as well as preventing disease. This is accomplished through a bio-psycho-social assessment which also includes a preschool screening program, vision and hearing screenings with referrals to physicians as necessary, and a Preventive Dental Program provided by Barbara Coish, R.D.H.

Our main emphasis this year has been on updating student immunizations according to the state mandate. Through the cooperation of Dr. Ronald Gagne, our school physician, and the State Department of Communicable Disease, we have been able to offer immunizations at no cost to local students.

The State Dental Matching Funds Program sponsored by the Londonderry Lions' Club, has provided needed dental care of many eligible students. Local dentists which have assisted us in this program are, Doctors Howard Bookman, Alan LaJoie, David Taylor, and Joseph Wingate.

The support of community organizations and concerned individuals has been invaluable in the health maintenance of the children of Londonderry. We would like to extend our thanks to the Londonderry Grange, the Londonderry Lions' Club, the Londonderry Women's Club, Parmenter Post 27 and the Parent — Teacher Associations. Special appreciation to Sharon Carpenter for her excellent efforts in coordinating the volunteers for Preschool Registration.

Respectfully submitted,

Claire Hunter, RN
Londonderry Jr.-Sr. High School
Patricia Plouff, RN
South Elementary
Ellen M. Edes, RN
Matthew Thornton School
Marilyn Ham, RN
North Elementary School

Title I

The Londonderry Title I Program provided daily tutoring to one hundred thirty (130) students from grades 1-6 in small group sessions. This project is federally funded and supplements the classroom Language Arts curriculum in the areas of speaking, listening and writing. The creative lessons and activities were designed and implemented by dedicated teachers: Noreen Crowe and Jane Jack at South School; Kim Gallant at Matthew Thornton; Eileen Legg and Susan Newcombe at North School. The staff participated in local and regional workshops this year and continued to improve their skills and enhance the curriculum.

The program evaluation has shown substantial positive results and the State office continues to endorse the objectives and methods we proposed. The overall success of this project involves a great many people. The Parent Advisory Council has been representative of all participants' parents in guiding and supporting the program. The elementary teachers have been most helpful and conscientious, the Administration has been thoughtful and cooperative, and the Supervisory Union Secretarial and Clerical staff has been understanding and considerate. The Title I Staff is genuinely appreciative and looks forward to continued service for our wonderful students and the School District.

Respectfully submitted,

Kathleen Carr
Title I Coordinator

Reading Department

Each of the three elementary schools is staffed with a full-time Reading Specialist. Student needs are met through a variety of approaches including individual, small group and total class instruction. The Reading Specialists in each school also oversee the total Reading and Language Arts programs for grades R-7. Consultations are held on a regular basis between the Reading Specialists, classroom teachers, building support staff and parents to better meet the needs of the students.

The administration of reading tests, accompanied with the evaluation and recommendations are an integral part of the duties performed. Other responsibilities include the budgeting, ordering and maintaining of the Reading and Language Arts materials.

Each of the schools was involved with supplemental Reading projects to enhance and enrich the total Reading/Language Arts program. As part of the Right to Read program, the Londonderry PTA's sponsored a \$6,700.00 R.I.F. program at the three elementary schools this year. Each student in grades 1-7 selected books to add to their home libraries. In addition, the grant money was used to augment classroom libraries.

For a second year, students at the elementary schools participated in the New Hampshire Young Authors' writing project. Six hundred students

representing grades 1-6, wrote original manuscripts. Of the 600 participants, 60 received finalist/honorable mention recognition at a district wide display of the books in April. Seven of these students had their books selected as being outstanding and attended the June 6th State Conference with their parents.

Right to Read Staff activities included a Book Publishers' display of materials, a 10 session Reading workshop series, and a Spring workshop addressing listening skills.

At the Junior-Senior High School, approximately one-hundred and thirty-five (135) students were serviced this year. Additional students were tested throughout the year for placement, evaluation, and staffing purposes. The school also hosted the Book Fair.

Some of the students corresponded with Korean pen pals which proved to be a most rewarding educational experience.

The Reading Department would like to thank the staff, administration, School Board and the community for the support that has been provided during the past year.

Respectfully submitted,

Patricia Archie, Matthew
Thornton School
Mary Aylward, South School
Erma Knox, North School

Londonderry Junior-Senior
High School
Jean Beninati
Londonderry Junior-Senior
High School

Learning Resource Centers

The Learning Resource Center at South School has serviced thirteen (13) students in grades one (1) through three (3). Each student has received an individualized program suited specifically to meet the child's needs.

Each student has been mainstreamed into his or her homeroom for physical education, music, art and for academic instruction when appropriate. All other academic needs have been met within the Learning Resource Center where there has been provision for small group and individualized instruction.

The Learning Resource Center at Matthew Thornton School provided direct services daily to fifteen (15) students in grades four (4) through seven (7). Children participate in replacement programs of language arts, mathematics and other areas as stated in individual education programs.

Administrative responsibilities include input at staffings, reports of evaluations and recommendations, compilation of educational plans, completion of mandatory state forms, classroom observations and quarterly progress reports.

The regular classroom teacher and the Learning Resource Center teacher work closely together in a spirit of cooperation and understanding to insure a successful school year for each student.

The resource program at North School services children in grades one (1) through seven (7). Direct services are provided to students in need of replacement or supplemental programs in any of the academic areas. Other duties include informal screenings and participation at staffings. A total of twenty (20) students received service during the 1980-1981 school year. Much of the service takes place within the student's regular classroom setting enabling the resource and classroom teachers to work cooperatively in providing programs of maximum benefit to each student.

During the 1980-81 school year, the Special Education Department at the Junior-Senior High School serviced a total of fifty-eight (58) students in grades eight (8) through twelve (12).

There are two teachers, Danielle Sabol and Ronald Janowicz, servicing these students with moderate to severe handicaps. These are students who have difficulty meeting success in a total mainstreamed situation. These students participated in replacement programs of language arts, math, social studies, science, and tutoring, as stated in individual education programs. A Special Education Department Coordinator, Joan Kriksciun, coordinated the in-school programs.

Diagnostic Services

The diagnostic services component of the Londonderry School District provided assessment of cases referred for potential handicapping conditions, screening of preschool students referred to the district as special needs candidates, evaluating students currently in special programs, and screening students recommended for the Special Curriculum Development Program, during the 80-81 school year.

This year an effort has been made to expand the district Child Find Process by holding a workshop with area preschool staff to provide methods for screening and referring possible handicaps. This was a positive, productive experience that will be continued during the 81-82 year. District specialists each presented information regarding their area of expertise providing signs and symptoms of handicapping conditions in their areas. It was our sincere hope that this effort would encourage parents and preschool teachers to refer students exhibiting any difficulty in their programs.

The Registration and Entrance Testing Process was another service provided by the district diagnostician. Students entering the Londonderry School District each received the Gesell Development Examination School

Readiness Battery in order to provide a recommendation for the most appropriate, and beneficial placement during their initial school experience. In the spring of 1981 an orientation meeting for parents of entering students was held at the Matthew Thornton School to introduce the testing process and first year programs provided by the district.

It is the goal of this department to provide intervention at the earliest age possible for handicapped students, so that their academic years may be a positive, rewarding experience. Through the constant aid and cooperation of district special needs personnel, as well as regular classroom teachers, this goal will be achieved in the near future.

Respectfully submitted,

Deborah Anne Falcigno-Sibiga
District Diagnostician

Special Curriculum Development

The Special Curriculum Development Program continued to expand in a number of areas during the 1980-81 school year. The formal identification of students covered grades seven, six, and five and preliminary work was started on grades eight and four. Advisory committees were established at the three elementary schools to focus training and program development. The Jr. Great Books was introduced as a curriculum enrichment program in the language arts area. Volunteer mentors from the community offered special activities for students in the areas of astronomy, electronics, ornithology, Military Strategy, journalism, and Veterinary Medicine. Special materials on critical thinking and creative thinking were included in the regular classrooms from grades one through six. A philosophy course was offered at the high school. A Title IV grant supported the purchase of numerous works of fiction and non-fiction which have been highly recommended for elementary school students.

The progress made in these areas will provide a platform for the major program concentrations of the 1981-82 school year.

Respectfully submitted,

Anton Lysy
Coordinator of Special
Curriculum Development

Learning Disabilities

Each year as the Londonderry School District continues to grow and expand so does the needs and responsibilities of the Learning Disability program. The final statistics submitted for the 1980-1981 school year by the individual Learning Disability teachers contain some interesting information.

It is overwhelming to comprehend that within the L.D. Department this past school year, 200 staffings were held with parents, 50 students were referred and tested, 277 progress reports written, and 90 Individualized Education Programs (IEP's) completed. Over 130 students from Readiness to Seniors were tutored with 107 students coded as Learning Disabled using Public Law 94:142 the "Education for all Handicapped Children Act" and the New Hampshire **Standards for Handicapped Children** as guidelines.

The all encompassing L.D. Program from beginning referral and testing, to planning and IEP writing, to on-going consultations and tutoring, is provided by one L.D. professional at each building, or program level, throughout the District. The devoted L.D. teachers whose specialized skills are in greater demand than the supply, are: Nancy Blackwood at Matthew Thornton, Dorothy Manning at South School, Thelma Raine at North School, Kenneth Merrill at the 8th and 9th grade level, and Gail Hytner at grades 10, 11 and 12 in the Junior-Senior High School. It is also of interest to note that the total school population has doubled within the last five years, even though the number of Learning Disability teachers, to help the students and provide consultation to the staff and parents, has remained the same.

The services demanded by the program, and provided by these trained specialists on a daily basis, also exceeds the generally accepted definitions of learning disabilities. Londonderry's L.D. teachers in addition to intervention and supportive services, help students with neglected homework, daily assignments, and also provide the daily regular classroom teaching of several required subjects, as well as the scheduling of L.D. students at the Junior-Senior High School level.

Other students, in addition to those with internal or neurologically oriented problems of learning disabilities found in school children, stemming from causes related to prenatal (before birth), perinatal (during the birth process), and accident, illness or injuries during the postnatal (after birth up to age three) period are served. A significantly large group of students with environmentally produced or external problems of learning are included and programmed by the L.D. Program in the Londonderry Schools, as well as those who are impaired with a specific learning disability.

Learning problems that are connected to general environmental factors, and are referred to our L.D. Teachers, often relate to such areas as home and neighborhood pressures and disorganization, or link with emotional and behavioral issues which may be caused by home traumas and stress, separation or divorce. Distraught parents, who may need help with parenting skills, or who are economically in need of medical or health care, or who may have moved many times, and therefore their children lack program continuity, are often brought to the L.D. Department's attention.

As the students become older, and adolescence and its unique characteristics and related peer and social problems surface, new dimensions of learning deviations become apparent and our youth are faced with

double jeopardy daily. Our young people are first confronted with the complications of physical and emotional growth, about which they know and understand little. Secondly, they are at the same time having perceptual processing deficits, if the problem is neurophysiologically based, or with academic achievement failures of great magnitude, if their problems are environmentally determined. Because of these issues our L.D. personnel must be more than tutors or teachers. They must be counselors to the students, and consultants to the teachers and parents, as they deal with the insecurity and frustration displayed by the students who lack good self-esteem and self-motivation, and have low life satisfaction on a daily basis.

During this past year assistance with many of these tasks was provided directly to the students and teachers by proficient Learning Disability Aides. This service was partially funded through the application and approval of P.L. 89:313 money, a Federal Grant written and administered by the L.D. Coordinator. In addition to providing service to out-of-district L.D. students and parents, the Coordinator provided additional materials and workshops to the L.D. Team members, other teachers, and preschool programs in the community, and participated as a member on several national, state, and local committees and organizations. The Coordinator was also available to the principals, teachers, and parents on a daily basis for staffings, consultation, budgeting, purchasing, and program guidance.

As the District continues to expand additional L.D. Teachers are currently needed, especially at South School, and for the new Junior High School. Adequate space to provide appropriate programming is now lacking in all of the buildings. Following close behind these two major priorities, is the need to provide more in-service workshops to teachers, and provide information to the parents and community at large, related to learning difficulties of all types.

It is important for everyone in the professional, residential, and business community of Londonderry to know that a learning disability is not a disease, cannot be cured and its cause is often unknown. At best, through counseling, understanding, and information sharing, students with learning disorders can be helped to better understand themselves, realizing we all possess unique strengths and weaknesses, and need to develop individual ways, to compensate and adjust our lives, to become accepted and productive members of our community.

Learning disabilities is not easily explained, or quickly circumvented without a struggle and lots of support, so please continue, as you have in the past, to support your child or children, your school, and its teachers and programs in a positive way. By telephoning, questioning, joining, and planning with us, we can together, in a co-equal effort, improve and make our program more meaningful, encouraging, and realistic for the learning disabled children of Londonderry.

Respectfully submitted,

Lois E. Ireland
District Coordinator
of Learning Disabilities

In closing, I am most grateful to all of the above personnel for their expertise and assistance in meeting the exceptional needs of our student population. They, along with the support given by community, school board, and administration, have provided essential services to our pupils during the 1980-1981 school year.

Respectfully submitted,

Kenneth M. Brewer
Director of Pupil Services

LIBRARY/MEDIA ANNUAL REPORT 1980-1981

To the citizens of Londonderry I hereby submit my annual report for the school library/media centers of the Londonderry School District.

Equality in the distribution of the educational resources provided through the school library/media centers has always been, and rightfully so, a major concern of the Londonderry School Board and the Superintendent of Schools. Board members and the Superintendent have been supportive of the direction that the library/media department taken in order to accomplish this equalization. Our basic goal has been to establish each LMC as a separate facility providing for the unique needs of the users of the particular building it serves. Simultaneously, each media center is part of a cooperative district network and the resources found in any one facility are accessible to any of the other centers when needed. This has allowed us to make greater use of funds made available to the department, avoid unnecessary duplication of materials and service while at the same time meeting patron requests.

I believe that we have finally established a solid base and are now able to begin collection maintenance as opposed to collection development, which is a considerably different process. To illustrate, in 1967 North School opened. At the close of its first year it housed approximately 500 volumes. As of June 1981, the total collection at North School is at the maintenance level of 7,600 or 15 volumes per student. Acquisition was made at the rate of 575 volumes per year over a 13 year period. Compare this to South School which opened three years ago with approximately 1000 volumes and now houses approximately 7,000 for an acquisition rate of 2,000 volumes per year and provides at this time about 9 volumes per student. If we persist in our current rate of growth with respect to South School we can begin to maintain vs. develop within two to three years. Thornton, housing about 6,500 titles, needs one more year of development in order to reach its maintenance level. The high school, as of this report, houses 12,000 volumes or 9,000 more than when it opened and has been developed at the acquisition rate of 3,000 volumes per year. We will most certainly meet minimum accreditation maintenance level of approximately 17,000 volumes.

The most important factor in building our total resource collection has been the ability, through Board, administrative and community support, to acquire materials at a higher rate but with the allowance of the time needed in order to insure the quality of the selection process.

While, as a librarian, I am devoted to books and their importance, after the classroom teacher, as the best tool of education, I am pleased at the acceptance of the unified media concept within this community. Our media centers provide, in addition to print sources, audio and visual sources that assist both teacher and learner in expanding and enhancing basic concepts. Books cannot always stand alone as the only source of information but neither can non-print material be used effectively without continued awareness and reliance on printed material.

Throughout this past year our department has been able to assist in the acclamation of seventh grade students in their temporary housing by providing resources for their particular program of studies. In addition, through the use of federal funds under Title IV we have purchased materials to support programs for the gifted population, a program to encourage writing skills for primary students, as well as provided additional materials for affective education grades 1-12, learning disabled students, work experience and vocational programs. We also continue to assist in the production of slide/tape programs, provide video services and work with teachers on the production of additional in-house materials for individualized classroom units.

While we continue to have limitations due to space problems, the LMC's are well organized, maintained and accessible through the efforts of the building media aides who always give above and beyond the expected and perform admirably under even the most arduous circumstances. The addition of the position of District Media Aide has made a considerable difference in our ability to organize, process and provide for the use of our resources. Mrs. Marilyn Lamson deserves every praise for her ability to adapt to this role and her accomplishments on behalf of the department are greatly appreciated.

We will fully affect a new circulation policy adopted during the past year in September and feel that this will provide us with better control of materials. In addition we look forward to continued work on the new Junior High School and the final phase in of existing collections.

In closing, I should like to cite the contributions of Mr. Bruce Chakrin as High School Media Specialist for the past three years. During the very important formative stages of the media program at the high school, Mr. Chakrin's dedication and professionalism set a standard of service that we hope to continue. We wish him success in his appointment as Director of Audio-Visual Services at the college level and extend our thanks to him for a job well done.

Respectfully submitted,

Susan M. Doyon
District Media Coordinator

ACCOUNTABILITY COMMITTEE REPORT

1980-1981

To the citizens of Londonderry, I hereby submit my annual report as chairman of the Accountability Committee.

Through the fall and early winter months, the Accountability Committee met to bring the new chairperson abreast of the Londonderry plan, evaluate the previous year's testing and to assess what changes were necessary. The committee decided to remain with CTB McGraw-Hill for the ensuing year and requested a meeting with the company representative. Committee meetings with the representative were held as well as a teacher workshop to assist teachers in the administration of the tests.

The social studies component of the accountability testing was developed by Dr. Dan Fitz-Simons and his committee in 1980, and administered for the first time this year. All of the testing was done in April and went very smoothly, because of the efforts of all committee members.

Our objectives for next year are twofold: first, to re-evaluate the testing tool in language arts and math and second, to develop a program that will objectively assess test results as they relate to our existing curricula.

It has been a pleasure working with all the members of the Accountability Committee, and I look forward to meeting our goals for the school year '81-'82.

Respectfully submitted,

James E. Gratton
Chairperson

REPORT OF THE STAFF DEVELOPMENT COMMITTEE

1980-1981

During the school year of 1980-1981, the Staff Development Committee, which is composed of a School Board member, Mr. Chester Ham, administration and teachers, dedicated themselves to the implementation of the revised Master Plan. This Master Plan was revised during the year 1979-1980 to serve as a guide to all professionals in education. The plan has already been implemented for the school years of 1980-1983.

The revised Master Plan will help to provide guidelines to all the professional staff. We hope that it will serve as a two-way communication system between School Administrative Unit No. 12 and the State Department of Education.

I would like to thank the Main Staff Development Committee, the Co-Chairperson, Mr. James Doherty, as well as each building Review Committee for their help in implementing the new revised Master Plan.

I would also like to give a special thanks to Superintendent A. J. Ouillette for his help and support in the implementation of the Master Plan.

Respectfully submitted,

Johanna M. Gibbons-Bell
Co-Chairperson

1981 SCHOOL CENSUS

Report of the Chairman

Since Londonderry is rapidly growing, this year the Londonderry Women's Club conducted the school census with the help of fifty-one (51) of its members. The census involved the correlation of grade, age, language and special school needs of all children in the town of Londonderry. Children born before September 30, 1981, through the age of nineteen, or, if handicapped, the age of twenty-one, have been accounted for in this year's town census.

Since the census is used by the School Department in evaluating the needs of our school children, the Women's Club, as a community oriented organization is grateful for the chance to work on this project. The income received will be used to defray some of our operating expenses and to aid financially a worthwhile community project.

Respectfully submitted,

Patricia Neos, Chairman
Geraldine Foucher, Co-Chairman

REPORT OF PROJECT ADOLESCENT

This report is designed to give a brief overview of Project Adolescent, an ESEA Title IV Part C program.

The Londonderry School District has been involved for the past three years with parents, teachers, administrators and school board members from Amherst, Gilford, Hampstead and Nashua to develop programs, teaching/learning strategies and curricula that are uniquely responsive to the needs of the 10-15 year old student.

The first year, 1978-79, the focus was upon age and learner characteristics. Teachers from grades 5 and 6 from the three elementary schools learned much about the physical, emotional, intellectual, and attitudinal growth of their students.

During the second year, much time and effort was spent in refining curricula to be more responsive to the age and learner characteristics.

The third year found us continuing to work on curricula especially as it relates to interdisciplinary teaching units and individualized instruction.

The fast approaching school year will find us involved with other personnel from the aforementioned in dissemination of what we have learned. Project personnel have compiled a booklet on age and learner characteristics and a packet of information on myriad topics related to knowing and educating the 10-15 year old student. These materials will be widely distributed throughout the state and will be available through the State Facilitation Center in Bow. In addition, we will be participating in a state wide conference in early November designed to provide information and materials to parents, educators, and school board members who have an interest in the 10-15 year old. We will also be participating in in-service workshops for other school districts throughout the state.

In a brief report such as this, it is impossible to detail all of our successes and some failures. Please be assured that although it is difficult to prove, the staff members who have been involved in Project Adolescent are sure that the students involved will reap the benefits of many long hours of effort.

Perhaps the greatest beneficiaries of our efforts will be the staff and students of the new junior high school that is scheduled to open next year. Mr. David Sousa, Assistant Principal of the Londonderry Junior-Senior High School, has been active in the Project for the past two years. Teachers from the Project will be available to assist those individuals involved in opening the new school.

In conclusion, on behalf of all Londonderry Project Adolescent members past and present, we would like to recognize the following people without whom we would not have been able to function.

Beverly Timme — Matthew Thornton School

Joanne Helweg — formerly of South School

Kim Vincent — South School

Respectfully submitted,

David Sousa
A. Cynthia Little
Co-Chairpersons
Project Adolescent

ANNUAL SCHOOL DISTRICT MEETING

March 6, 1981

Londonderry High School

Due to tremendous voter turn-out, William Foley, Moderator, postponed the opening of the annual meeting.

At 7:35 p.m., Mr. Foley opened the Annual School District Meeting and promptly introduced the Londonderry High School Color Guard who presented arms, followed by the Pledge of Allegiance. Reverend Rowland Westerfeld gave the invocation. Restrictions and ground rules were reviewed. Bill then introduced Mr. Ross Landry who was to give a special presentation as a result of a contest conducted by the School Board and Selectmen. Mr. Landry stated that the students to be awarded that evening were chosen by Mrs. Webber who judged their drawings from the cover for the Town Report was used.

Mr. Landry and Mrs. Webber gave the following awards:

GROUP 1 — BACK COVER — Grades 1, 2, and 3.

Winner	— Carlo Follo	Grade 3	South School
Hon. Mention	— Shaun Hannon	Grade 2	Matthew Thornton School
Hon. Mention	— Andre Lucibello	Grade 3	Matthew Thornton School
Hon. Mention	— Timothy Lee	Grade 1	Matthew Thornton School
Hon. Mention	— John Wood	Grade 3	South School

GROUP 2 — INSIDE BACK COVER — Grades 4, 5 and 6.

Winner	— Daniel Gagnon	Grade 6	South School
Hon. Mention	— Joey Lynch	Grade 5	South School
Hon. Mention	— Elizabeth Anderson	Grade 6	South School
Hon. Mention	— Casey Vogel	Grade 6	Matthew Thornton School
Hon. Mention	— Laura Pollono	Grade 5	North School

GROUP 3 — INSIDE FRONT COVER — Grades 7 and 8.

Winner	— Anthony Casella	Grade 7	South School
Hon. Mention	— Nicholas Cassotis	Grade 8	Junior/Senior High School
Hon. Mention	— Fleming Tinker	Grade 8	Junior/Senior High School
Hon. Mention	— Annette Tremblay	Grade 8	Junior/Senior High School
Hon. Mention	— Scott Belanger	Grade 7	North School

GROUP 4 — FRONT COVER — Grades 9, 10, 11 and 12.

Winner	— Kevin Jankowski	Grade 9	High School
Hon. Mention	— Steve Casey	Grade 10	High School
Hon. Mention	— Darryl Barton	Grade 10	High School
Hon. Mention	— Douglas Wells	Grade 9	High School
Hon. Mention	— Joel Sigrist	Grade 11	High School

All winning pictures chosen from 300 entries appear in the center of the 1980 Town Report.

Bob Lincoln, chairman of the School Board, was then introduced. Mr. Lincoln made a presentation to Jack Kennedy, past President of the Londonderry Panther Organization on behalf of the successful Midget, Jr. Midget and PeeWee football teams. Bob gave another presentation to Ed J. Newcombe, outgoing School Board member, for his 3 years of dedication on the Board. Mr. Foley then recognized Mr. Craig Young as our new Business Administrator and proceeded to introduce the Head Table: to his left, Mr. Bob Webber, Assistant Moderator; Charlotte R. Pfyffer, Clerk; Bob Lincoln, Roger Dykstra, Edward J. Newcombe, Karen Keegan and Chet Ham, present School Board; Mr. A. J. Ouillette, Jr., Superintendent and Mr. Lewis Soule, legal counsel.

As requested by the School Board, Bill asked to postpone discussion on Articles 2, 3, and 6 as the results of Article 1 (new Junior High School) would affect said articles.

With no questions or discussion, a hand vote carries the motion. Affirmative.

ARTICLE 1 — BOND ISSUE — Junior High

MOTION by Ed Newcombe, second by Bob Lincoln. Ed Newcombe gave the presentation of growth and need for the Junior High along with his and the School Board's unanimous support. Mr. Ham gave his view on the continued growth in our town

Mr. Rod Edwards, Building Committee Member, explained his study on the antiquated septic systems of our present schools. Mrs. Lisa Whittemore, past Board member, gave her support for the new school. Mr. George Thibeault requested that we vote in the idea of year round schools to which Ed Newcombe and Gerry Gulezian addressed this issue and its unfeasibility. James Stopherd makes a motion to MOVE the question. Mr. Saulnier from the floor seconded.

Thereupon, the polls were opened at 8:37 p.m. and Bill Foley stated that they would be opened for a minimum of one hour and would remain opened to accommodate the large number of voters. While voting took place, the Moderator took up Article 4.

ARTICLE 4 — Salaries and Benefits — Teachers

MOTION by Bob Lincoln, second by Roger Dykstra. Following Bob Lincoln's presentation, Mr. Arnold questions the budget and suggests amending the present budget less \$150,000. Mr. Psareas seconds motion.

Bob Lincoln urges to vote Mr. Arnold's amendment down. Much discussion ensued. Mr. Boucher MOVES the question of Mr. Arnold's amendment. Gerry Frew seconds.

Bill re-reads the Amendment. By hand vote, the Amendment is **DEFEATED**. Mr. Plouff MOVES the original question of Article 4, second by Al Pfyffer. The Moderator re-reads Article 4 and asks for a hand vote. **AFFIRMATIVE** vote passes Article 4.

ARTICLE 5 — Salaries and Benefits — Custodians

MOTION by Ed Newcombe. Second by Chet Ham. Mr. Hank Beliveau MOVES the question. Rodney Edwards seconds. Mr. Webber re-reads Article 5 and an **AFFIRMATIVE** vote carries Article 5 and is so declared by the assistant moderator.

ARTICLE 7 — Reports

MOTION by Karen Keegan, second by Chet Ham. Presentation given by Karen Keegan. With no questions or discussion, Mr. Don Babin MOVES the question and second by Ross Landry. An **AFFIRMATIVE** vote by hand passes Article 7.

ARTICLE 8 — Acceptance of Gifts

MOTION by Chet Ham, second by Ed Newcombe. Mr. Ham presents Article 8. Al Pfyffer MOVES the question, seconded by Rodney Edwards and Article 8 passes by hand vote.

ARTICLE 9 — Accept/Expend Federal Funds

MOTION by Karen Keegan, second by Roger Dykstra. With no real presentation, Mr. Stopherd asks what Public Laws 89-313, Public Law 89-10 etc., etc., etc. represented. Bob Lincoln explained that they were basically Federal Funds available and that the Board needs voter approval to apply for them. Article 9 passes by hand vote. **AFFIRMATIVE.**

ARTICLE 10 — Pending Legislation

MOTION by Bob Lincoln, second by Ed Newcombe. No presentation given. Mr. Robert Vachon asks if this article is legal. Mr. Soule, legal counsel, answered that since he drew this article up that it was legal and that he recommends it. With no further questions, Article 10 carries with an **AFFIRMATIVE** hand vote. Since voting continued, Bill Foley called for a recess.

With the polls closing at 9:50 p.m. and the ballot counting complete, Bill announced at 10:05 p.m. that Article 1 passes with the vote being 230 Negative, 820 Affirmative. Bill so declares Article 1 **AFFIRMATIVE!** After much applause, Article 6 was taken up.

ARTICLE 6 — Salaries and Benefits other than Teachers and Custodians.

MOTION by Roger Dykstra, second by Karen Keegan. Roger Dykstra gave a slide presentation after which he moved to increase the budget by \$80,000 to a new figure of \$4,341,589 for the rental of the present portable classrooms. Much discussion ensued, mainly between the Budget Committee and the School Board. Mr. Arnold proposes to turn down Mr. Dykstra's amendment and Mr. Fortin seconds. This motion is **DEFEATED** by hand vote.

Discussion continues. After much confusion and discussion, Mr. Early requests to MOVE the question and Mr. Babin seconds. Mr. Foley re-reads the amended figure of \$4,341,589. Bob Lincoln asks that the hand vote be

counted. Moderator calls up the counters who are: Robert Day, Jerrold Kronenfeld, Rowland Schmidtchen, Mr. Van Grevenhof and Bob Early. Amendment **DEFEATED** 256 Negative, 217 Affirmative.

After much more discussion, legal counsel was asked to advise on Mr. Arnold's amendment which read that the School Board use the present budget figure and keep the portables for one more year. Mr. Soule answered that as worded, this amendment was not illegal. Mr. Lincoln stated that although this was not binding, that if this is what the people wished, he would support it as did Roger Dykstra, Chet Ham, and Karen Keegan. Mr. Edwards stated that since the Board was committed, that he MOVES the question. Mr. Saulnier seconds. Bill Foley re-reads Article 7 and is passed with an **AFFIRMATIVE** vote.

With no further business on the floor, Bill Foley declares the meeting adjourned and confirmed by unanimous show of hands and declared **AF-FIRMATIVE** at 11:15.

These notes, to the best of my knowledge, are accurate and true.

Respectfully submitted,

Charlotte R. Pfyffer
Clerk

AUDITOR'S REPORT

To the Members of the School Board
Londonderry School District
Londonderry, New Hampshire

We have examined the combined financial statements and the combining, individual fund and account group financial statements of the Londonderry School District as of and for the fiscal year ended June 30, 1981, as listed in the foregoing table of contents. Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the combined financial statements referred to above do not include financial statements of the General Fixed Asset group of accounts, which should be included to conform with generally accepted accounting principles.

As described in Note 4A, the Food Service Fund utilizes resources of the General Fund to provide the cash needs of the school lunch program. The balance sheet of the General Fund includes a receivable from the Food Service Fund of \$52,815, the collectibility of which is contingent on the ability of the Food Service Fund to attain profitable operations in subsequent years.

In our opinion, except that omission of the General Fixed Asset group of accounts results in an incomplete presentation and subject to the recoverability by the General Fund of advances to the Food Service Fund as explained in the above paragraphs, the combined financial statements and the combining, individual fund and account group financial statements referred to above present fairly the financial position of the Londonderry School District at June 30, 1981, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole and on the combining, individual fund and account group financial statements. The accompanying financial information listed as supplemental schedules in the table of contents is presented for purposes of additional analysis and is not a required part of the combined financial statements of the Londonderry School District. The information has been subjected to the auditing procedures applied in the examination of the combined, combining, individual fund and account group financial statements and, in our opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.
